Marshal Probes \$15,000 Newton Centre Blaze

An investigation by the Newton Fire Department and State Fire Marshal's office has been started to determine cause of a blaze last Friday night in a one-story brick block in Newton Centre which houses six stores and an optician's office.

Fire officials estimated the loss at \$15,000. Flames were confined to the basement but stores in the building suffered smoke damage.

The fire started in the cellar of the building at 1193 Centre St.

In the building are Cinder's Restaurant, Coolidge Cleaners, Langley Book Shop, Volpe's Liquor Store, Penthouse Salon, hairdressers; Boquet Flowers, florists; and the office of Dr. Melvin P. Ashworth, optician.

Fire fighters said a large amount of stock owned by the florist company was destroyed in the basement.

Aldermen Vote 17 to 6 Against Library Survey

By a vote of 17 to 6 the Board of Aldermen on Monday night turned down a recommendation by Mayor Gibbs that \$20,000 be appropriated to finance a comprehensive survey of the city's library system by a management consultant firm. The survey was to cost between \$15,000 and \$20,000.

The six Aldermen who voted in favor of the appropriation were William Carmen, Franklin N. Flasehner, William M. Glowsky, William Hopkins, Charles H. Morang and Harry L. Walen.

Mayor Gibbs declared today that he felt the proposed survey of the library would have been an advisable step but that in view of the strong opposition of the Aldermen he will not pursue the matter.

Pine Street Area Residents In Protest Over Incinerator Site

Mayor Donald L. Gibbs recently was the recipient of a petition from a group of Newton residents concerned with the use of the Pine Street area for a municipal incinerator.

Purpose of the petition, signed by more than 1000 persons, is to urge the Newton Board of Aldermen to consider other matters than cost in the selection of the incinerator location, since the estimated cost differences are quite small between sites and are based on debatable assumptions.

The group specifically objects to blanket acceptance of the Mayor's request that the incinerator be placed on Pine Street.

They pointed out that the request was based on an engineering study by Metcalfe & Eddy, which they contend was mostly concerned with proper size, type and cost of an incinerator. Members of the group stated that they had

Gibbs Curbs Raises Voted By Aldermen

Mayor Donald L. Gibbs this week signed the \$24 million city and school budget approved by the Board of Aldermen but declared that he will not allow the pay raise voted by the Aldermen to push any salaries above the maximum levels recommended in the Evans Report.

This means that a small number of municipal workers will not receive the full 4 per cent wage hike which the Aldermen substituted in most municipal departments for the salary increases the Mayor had recommended based on the Evans report.

As a result of the clash between the Mayor and the Aldermen on the pay raise issue, some employees will receive less than Gibbs wanted to give them but none will get more.

Aldermen Joseph G. Bradley told his fellow Board members that this was what would happen when he voted for the adoption of the Evans Report while explaining that he would have preferred the flat 4 per cent increase if it actually could be put into effect.

Under the city charter the Aldermen can reduce pay raises recommended by the Mayor but cannot increase them.

Burglars Eat Steak, Drink 12 Cans Beer

Burglars broke into half a dozen Newton residences over the weekend, stole a milk jacket, a TV set, radios and cash and at one home consumed steak, other food and 12 cans of beer.

A milk jacket worth \$2,400 and \$370 cash were taken from the home of Isaac J. Goodman of 131 Intervale Rd., Newton Centre. Entrance was gained by forcing a rear window, police said.

The home of Albert Slater at 5 Lorna Rd., Newton Centre, was thoroughly ransacked, police reported. Stolen was a TV set, two radios, two watches and wearing apparel. Burglars who broke into the home of Irving Ireland at 35 Irving St., Newton Centre, took time off to prepare and consume a meal and the 12 cans of beer.

Other breaks were reported by police at 315 Central St., Auburndale; 8 Ardmore Ter., West Newton; 39 Shorncliffe Rd., Newton.

Newton Centre To Get Meters For Off-Streets

The Newton Centre Businessmen's Association request for a new off-street parking area in Newton Centre received a "No Action Necessary" vote Monday night from the Board of Aldermen.

Similar action was taken on the recommendation of Alderman William P. Ripley that 125 all-day meters be placed in Newton Centre parking lots. The board took the first step toward installation of meters in the city's off-street parking areas, and Parking Committee Chairman John P. Nixon said the meters would be tried in Newton Centre before being installed in other off-street parking areas.

Lively Debate Sparks Vote On Needed Funds

Newton homes and business places will begin getting fluoridated water about next mid-October.

This was estimated last night by Mayor Donald L. Gibbs and Water Commissioner Mark F. Croker after the Board of Aldermen by a 15-8 vote Monday night approved a \$115,000 appropriation to finance the fluoridation of the city's water supply.

A lively debate preceded the Aldermanic action, with Alderman William H. Prentice of Waban leading the fight for approval of the appropriation and Alderman John P. Nixon, spearheading the opposition to providing the necessary funds for fluoridating the water system.

Prentice argued that the fluoridation plan should be carried out for the good of the public.

He pointed out that the people of Newton last November voted 12,522 to 11,282 in favor of fluoridation and asserted that the fluoridation of the city's entire water supply is the only logical way to comply with that mandate.

Nixon countered by declaring that only about 50 per cent of Newton's eligible voters went to the polls for last November's election and that the margin on the fluoridation question was small.

He said the fluoridation of drinking water only helps very young children

who, he claimed, don't drink much water anyway. Nixon declared that the objective of fluoridation could

Newton Board Approves Two High Rise Apartments

The Newton Board of Aldermen on Monday night granted final approval of the first "high rise" apartment development in the city's history. By unanimous vote, the Board adopted a motion calling for construction of 16-story and 14-story buildings at Boylston street, and Hammond Pond parkway.

Estimated cost would be \$15,000,000 and the two buildings would contain 324 dwelling units. There would be various accessory buildings, including a two-level, partially underground garage, a dining room with a health club on the lower level and a swimming pool with cabanas at either end.

Chestnut Hill Towers, Inc., would construct the project on a 16-acre lot on the Worcester turnpike, but there would be a 50-foot wide access road from 250 Hammond Pond parkway.

McLernon Was Real Target Of Strike By MTA Workers

The peace and quiet now prevailing on the MTA in the wake of the recent two-day strike may be shattered all over again when tough-talking General Manager Thomas J. McLernon resumes the direction of the transit system.

Buried beneath the confusing welter of arguments over spring and winter timetables, picking runs, overtime and assorted side issues is the real reason for the strife and turmoil within the MTA—the deep and bitter feeling against McLernon.

The MTA employees have been justly blasted for staging a wildcat strike in open defiance of a Superior Court injunction and for showing their disregard for law and order.

Governor Volpe and State Insurance Commissioner Otis M. Whitney have been harshly criticized for surrendering to the Carmen's Union in order to get the

The annual meeting of the Newton East Little League was preceded by a fathers and sons banquet at Valle's Steak House last Thursday evening.

Nearly 500 boys, fathers and guests were present for the awarding of trophies to championship baseball teams.

Norman Buchbinder presented Jay Gordon with a plaque in recognition of ten years of faithful service to the league. Mayor Donald

Gibbs, presented trophies to the Newton East All-Stars. The all-stars are boys chosen from each major league team.

Haskell Freedman, chairman of the Newton School Committee, presented the Curtis trophies to the Milwaukee Braves. The Braves, with John Millieks as manager, have won the Curtis

trophies for three consecutive years.

Donald Sutherland, coach of baseball at Newton South High School, presented trophies to Rochester, George Polansky, manager, as winners in the International League. William McLaughlin, chief umpire, presented trophies to San Francisco, winners in the Pacific Coast League, Merrill Badger, manager.

Walter Muther, chairman of "Opening Day" for several years, awarded the trophies to Utica, John Egan, manager, winners in the Eastern Division.

Howard Ferguson, coach of baseball at Newton High School, presented the trophies to Lincoln, Rogers Carpenter, manager, winners in the Western Division.

Dr. Levine presented Edward McLaughlin, immediate past-president with a plaque in recognition of his service and devotion to the league during the past year.

Bob Dee, a member of the Boston Patriots professional football club, gave the boys an inspiring talk on participation in sports and the importance of fair play. Ten boys were winners of door prizes which included gift certificates, baseballs and bats.

FOOTHOLD IN THE FUTURE—No doubt the talents of these young members of the Newton Boys' Club are being encouraged by their presence in the office of Mayor Gibbs as they prepare for "Boys' Day In Government" on next Tuesday, April 10. Left to right, Walter Gallo, Johnny Copan, Joseph Colucci, Samuel Fried, co-chairman, Newton Boys' Club Day; Mayor Donald L. Gibbs, and Samuel Crocetti, executive director Boys' Club.

Hospital Aid Group Presents Valuable Gift

The annual meeting of the Newton-Wellesley Hospital Aid Association next Tuesday morning, April 10th, in the Nurses' Lounge of Allen-Riddle Hall marks 77 years of service by the women's group. Commemorating the mile-

Other head table guests who were introduced were Dr. Irving Kanovitz, executive vice-president; Alvin Sutherland, executive commissioner; Sidney Shuman, finance chairman; Abbott Spear, major league commissioner; George Burke and David Palmer.

Mrs. Roger Carpenter, chairman of the Ladies Auxiliary, was in charge of decorations. She was assisted by Mrs. Walter Muther and Mrs. Abbott Spear. Other mothers who contributed to the success of the evening were Mrs. Burton Levin, Mrs. Irving Kanovitz, Mrs. Edward McLaughlin, and Mrs. David Palmer.

Try-outs will be held at Weeks Junior High School Athletic Field on Saturday, April 7 at 9:00 a.m. for boys 10 years of age, at 10:30 a.m. for boys 11 years of age and at 1 p.m. for boys 12 years of age. Boys 9 years of age will report at the same field at 1:30 p.m. Sunday, April 8 for their tryouts.

Opening Day, with a parade and major league games is scheduled for Saturday, April 28.

stone, the more than 1,800 members have given the community hospital a valuable piece of laboratory apparatus—a \$5,000 Auto Analyzer.

Recently placed into operation, the Auto Analyzer can complete about 50 laboratory tests in one hour. Using traditional manual methods, the same tests would keep a medical technologist busy for approximately six hours.

The machine also handles eight or ten control specimens, compared with two that technicians could conveniently handle before. As a result, the machine produces more precise and more easily controlled findings, and it does so faster.

According to William S. Brines, director of Newton-Wellesley Hospital, the Auto Analyzer will contribute to greater efficiency in pathology testing, and, secondarily, will divert technician time to the growing volume of work in other areas of the pathology laboratories.

Peirce School Science Exhibit

Parents and friends of Peirce School in West Newton are invited to visit the annual science fair exhibit to be held next Wednesday, April 11, from 7:30 to 9 p.m. All students will participate in the exhibit from kindergarten through the sixth grade.

The exhibits will be in the various classrooms as well as the school gymnasium. There will be a few individual projects, but the theme this year will be on scientific subjects which the children have been studying all year.

Church Choirs To Give Concert

The senior, junior and youth choirs of the Newton Highlands Congregational Church will participate in a vesper concert to be held at the church on Sunday afternoon, April 8th at 4 o'clock. The choirs will combine more than 100 voices.

The major work to be performed will be Bach's Cantata "God's Time is the Best" with Raymond W. Smith, tenor, and Ralph Farris, bass, as soloists.

Randall Thompson's "The Last Words of David" and anthems by Dickinson, Whitehead and Vaughn Williams also will be sung.

The program is under the direction of Edward H. Hastings who will play Mendelssohn's Sixth Organ Sonata, and Bach's Toccata and Fugue in D Minor. The public is cordially invited to attend.

Mayor Gibbs Proclaims Boys Club Week Here

Mayor Donald L. Gibbs has issued a proclamation setting aside April 8 to 15 as "Boys' Club Week" in Newton and urged all citizens to make it a significant and memorable occasion.

Mayor Gibbs' proclamation follows:

WHEREAS, The youth of our country is our most precious resource, and

WHEREAS, Our citizens are increasingly concerned with the problem of juvenile delinquency throughout the United States, and

WHEREAS, Boys' of America, a national movement since 1906, is a federation of more than 500 Boys' Clubs dedicated to the development of character and good citizenship in almost 500,000 boy members in communities from coast to coast, and is therefore one of our most effective delinquency preventatives, and

WHEREAS, The Newton Boys' Club is affiliated with Boys' Clubs of America, and is serving the boys of Newton on an every-day, every-boy non-profit, non-sectarian basis and

WHEREAS, "National Boys' Club Week," conducted annually by Boys' Clubs of America, will take place this year from April 8th through April 15th and will, through its 1962 theme, "Operation Juvenile Delinquency," emphasize the year-round function of the organization in providing guidance when and where it counts for our future citizens and leaders,

NOW, THEREFORE I, Donald L. Gibbs, Mayor, do hereby proclaim the period from April 8th through April 15th as **BOYS' CLUB WEEK** in the City of Newton, and do strongly urge that all our citizens support, assist or otherwise cooperate in making the 1962 observance of NATIONAL BOYS' CLUB WEEK a significant and memorable occasion.

Spring Street Cleaning Work Begins Here

Street Commissioner Frank K. Perkins announces that the 1962 Spring cleanup of Newton streets has begun. The bulk of the work will be done with sweepers but heavy accumulations of sand, which was left from snow storms, will be removed by loaders, Comr. Perkins said.

The schedule calls for shopping centers and main streets to be done first, then the sweepers will be assigned to the regular routes and this year they will start on the South side of the city. (In 1961 the sweepers started on the North Side). The sweeping will be carried on in a systematic manner, working from the South side toward the North side of the city.

There is a large accumulation of debris and sand left over from the February snow storms. The first round of the clean up will probably be completed about May 25, unless bad weather interferes. After the first round of sweeping, successive rounds take about one month each.

Discussion On Religious Art Held Last Week

The Women's Auxiliary of the Church of the Messiah heard a discussion on religious art last Thursday by Mrs. Eugene Meyer who announced an Easter Festival of religious art including paintings, prints and sculpture to be held at the Auburndale Congregational Church from April 9 to 22.

Mrs. Meyer's discussion was preceded by a business meeting with Mrs. Leroy Faulkner presiding. Tea was served by Mrs. Robert W. Gollidge.

Mayor Gibbs To Assist In Bank Opening

The new home office of the Newton Savings Bank, at 1188 Centre street, Newton Centre, will be opened with a brief ribbon-cutting ceremony on Monday morning, April 9, at 8:30 o'clock. The building has been under construction since January, 1961.

Mayor Donald L. Gibbs, Frederick C. Ober, president of the bank, and William H. Rice, former chairman of the board, will take part in the ceremony.

The building is the largest new savings bank building in

talked with the engineer and learned that his recommendations did not cover anything other than relative cost and technical features.

Massachusetts incorporating a brand new architectural concept. Pre-stressed, pre-cast folded concrete plates, 40 feet in length and weighing seven tons each, have nearly eliminated the use of vertical structural columns.

This treatment, the first in a bank building in this country, permits great flexibility in interior design, which has been utilized by the architect to provide convenient customer services and efficient work areas.

The group urged the city officials to give consideration to all aspects of the problem before deciding on the Pine Street location.

The petition presented to Mayor Gibbs reads as follows: "We the undersigned residents of Newton hereby petition the Board of Aldermen to withhold action on the selection of the site for a new municipal incinerator. We wholeheartedly endorse the need for a new incinerator and urge that appropriations be enacted. However, we be-

lieve that insufficient study has been given to its location and inadequate reasons put forward for recommending the Pine Street site. In addition to cost, such matters as zoning, traffic, school routes, toll road interchanges and general matters of good city planning should be taken into consideration."

The group which presented the petition consisted of the following: Mr. and Mrs.

Joseph Walsh, 163 Pine street; John Matthews, 238 River street; David W. Jackson, 362 Wolcott street; Mrs. Daniel Sullivan, 61 Washburn avenue.

Highway Safety Sense

A deluge of ghoulish guessing and bloodthirsty reporting has obscured the very real progress that has been made in automotive highway safety.

From a high of 11.5 deaths per 100 million vehicle miles in 1945, the rate was slashed to 5.3 in 1960. In 1961, it was reduced even more, with a record low of 5.1 posted in the first 11 months. This outstanding progress was made during the decade and a half since World War II when the number of cars, trucks and buses on America's streets and highways soared from a little over 31 million to more than 74 million.

With the automotive safety record constantly improving, it's time to stop screaming death and destruction. It's time to call a halt to creating the impression that the only safe place for the family car is home in the garage.

There's no minimizing the importance of highway safety—and nobody wants to—but sensational reports of widespread carnage, instead of making drivers safer and more competent, can make them more tense, more nervous and more accident-prone.

What makes better drivers is not horror but help; not scares but suggestions; not terror but teaching. Safe driving is a skill which, once mastered and remembered, provides great pleasure. America's automotive safety record can be improved still more, without horror and hysteria, by the conscientious application of the principles of safe driving.

trains and busses rolling again although the criticism would have been far greater and more strident if they hadn't accomplished the resumption of service.

Standing silently in the background, uncriticized and almost unmentioned, is the man at whom the strike really was aimed—tart-tongued Tom McLernon.

Ironically, the MTA employees played directly into McLernon's hands when they walked off their jobs.

Their walkout brought a great wave of resentment against them from people who didn't really understand the issues involved in the strike but who did know that the busses and cars stood still in yards when they should have been running, imposing a hardship and inconvenience on countless thousands of persons.

The strike in the face of a court order that labor and management get together and resolve their differences was indefensible.

The picketing of the home of Senate President John E. Powers, a staunch ally of organized labor, in reprisal for his statesmanlike stand against the strike, was incredibly stupid.

No one can offer a logical excuse for the MTA workers who did so much harm to their own cause.

But an observer can wonder to what extent they were good into doing what they did by General Manager McLernon.

When a man is paid \$40,000 a year for running a transit system, the public has a right to expect that he will exercise the tact and diplomacy necessary to maintain reasonably harmonious relations with the employees under him, that he will run things with at least some degree of smoothness.

But two things which are completely foreign to the nature of McLernon are tact and diplomacy.

McLernon's idea of how to get along with a union apparently is to keep it in a constant state of turmoil.

Sometimes, however, the turmoil wells up and boils over, and the victims are the people who are deprived of the transit service on which they depend.

McLernon has compared himself to a general who is fighting the communists. But he has added sarcastically that his officers are in the communist army.

What would your reaction be if your boss made a statement such as that? Would you resent it?

McLernon supposedly was brought here from New York to do a job. If that job was to raise fares and cut service in order to reduce the MTA deficit, he has been successful.

That, however, is about all he has done except keep the MTA employees in a continual state of unrest which erupts spasmodically into paralyzing strikes.

Maybe it was necessary to

Eire Society Head To Speak Here on Sunday

Edward B. Hanify of Belmont, president of the Eire Society of Boston and widely known Boston attorney, will be the guest speaker at next Sunday's meeting of Our Lady's Holy Name Society, Newton. Other highlights of the meeting will include the election of new officers and the announcement of the schedule for Nocturnal Adoration all through Holy Thursday night, April 19.

Members of the society will receive Communion together at the 8 o'clock Mass in the upper church. The meeting will be held immediately afterwards in the parish school cafeteria.

The guest speaker graduated from Holy Cross College with highest honors and received his law degree from Harvard Law School. He has practiced law continually in Boston since his admission to the Bar in 1936, with the exception of the period of his naval service during World War II.

He has been a leader in many professional, community, charitable, and religious groups and organizations.

He now serves on the Council of the Boston Bar Association and is chairman of its Committee on Legislation. He is also a member of the American Bar Association, the American Law Institute, and the American College of Trial Lawyers. He is a director of several large corporations, including the American Telephone and Telegraph Co., John Hancock Mutual Life Insurance Co., Boston Edison Co., and Boston Herald Traveler Corp.

Mr. Hanify has served as general chairman of the Greater Boston Community Fund Campaign and as president of the Board of Managers of the Boston Dispensary, one of the oldest medical charities in the country.

Currently he is chairman of the Executive Committee of the National Catholic Community Service, and in that capacity serves also as vice president of the national U.S.O.

Mr. Hanify has been awarded Honorary Degrees by Tufts University, Lowell Technological Institute, Suffolk University, and Holy Cross College.

President Joseph Fitzsimmons will conduct the business meeting and Rev. Francis L. Gallagher, spiritual director, will announce plans on the Nocturnal Adoration program.

Curtis is making a bid for a seat in the U.S. Senate. What Lane will do is uncertain, but he himself said he would not have even a fighting chance of winning reelection to the national House from his new district.

A third Congressman who might have a fight on his hands is F. Bradford Morse of Lowell.

Morse and Lane have been placed together in a district which political analysts say is Democratic by about 17,000 votes.

Paradoxically, however, the experts also agree that the Republican Morse would be an easy winner over the Democratic Lane in the district because of Morse's ability to poll Democratic votes. But Morse might find himself in a battle for survival if he were opposed by a strong Lowell Democrat.

Except for Curtis, Lane and possibly Morse, the Bay State Congressmen can breathe easily as they prepare to run in their tailor-made districts. There is little prospect that 11 of them can be unseated. A guess is that most of them will not even be challenged at the polls.

Cong. Macdonald Out Of Race for Governor

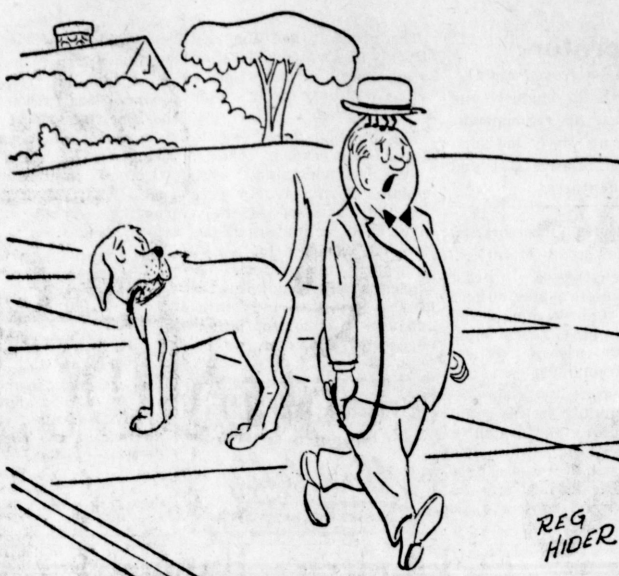

One side effect of the enactment of the law creating 12 new congressional districts in Massachusetts to replace the present 14 was to eliminate Congressman Torbert H. Macdonald as a possible candidate for Governor.

Macdonald would have jumped into the fight for the Governorship if no redistricting bill had been adopted. Now he will wait until 1964 to make his run for state-wide office.

He was one of five Congressmen who worked vigorously at the State House to line up votes behind the redistricting plan drafted by 12 Congressmen.

Macdonald obviously was not going to such lengths to create a district in which somebody else could run.

Francis W. Dahl, Jr., son of Mr. and Mrs. Francis W. Dahl, 47 Central Avenue, Newtonville, a freshman at Denison University, Granville, Ohio, has been initiated into Phi Delta Theta fraternity.

"Focus On Trade" Title of Panel To Be Held April 11

"Focus on Trade" will be the subject of a panel discussion open to the public to be presented by the Newton League of Women Voters on Wednesday, April 11th at 8:00 p.m. at the Beethoven School on Beethoven avenue in Waban. The League hopes to bring to the community a greater understanding of the issues involved in trade.

The program will be moderated by Jerome Grossman, chairman of the Newton PTA Council. The panelists will be Professor Donald Humphrey, Joseph F. Turley, and J. William Belanger.

Professor Humphrey is the William L. Clayton Professor of Economics at the Fletcher School of Law and Diplomacy, Tufts University. ment organization, transportation, urban development, and market research. Mr. Turley will discuss "How World Trade Affects U.S. Business." J. William Belanger has been in the trade union movement for 30 years, having worked his way up through the ranks to the positions of international vice president and New England regional director of the Textile Workers Union of America, AFL-CIO, with offices in Boston. He was elected President of the Massachusetts State CIO Council in 1948, a position he held until December, 1958 when the AFL and CIO Councils merged into one organization known as the Massachusetts State Labor Council, AFL-CIO. He was elected the first president of the merged organization to which post he was recently re-elected for a fourth term. In addition to his trade union activities, Mr. Belanger has held many positions in government and civic affairs. Mr. Belanger will discuss "Labor's Stake in Trade."

It will cost the city about \$18,400 a year for the sodium fluoride which will be fed into the water supply.

District Doctors In Stand Against Federal Care

Further implementation of the Kerr-Mills bill in operation in many states and some adaptation of Blue Cross and Blue Shield plans to include the medically indigent were called for this week by the Charles River District Medical Society.

A resolution adopted by physicians of the Newton, Waltham, Weston, Needham and Wellesley area present at a meeting at Newton-Wellesley Hospital stated opposition of the district Society to the program of government medical care presented in the King-Anderson bill and similar bills.

Dr. Daniel S. Ellis, president of the Society, noted that many possibilities are under consideration to meet the problem of medical care for the aged.

"Malpractice suits have grown as an occupational hazard to the physician as the public is faced with ever-

increasing costs of specialized medical care, Atty. Leon F. Sargent told the doctors.

As an expert on malpractice cases for insurance companies, Mr. Sargent appeared on a panel discussion with Atty. Bertram A. Sugarman, expert on compensation, and Dr. Arthur E. O'Dea, associate pathologist at Newton-Wellesley Hospital and former Rhode Island medical examiner.

The public is beginning to think in terms of "guaranteed cures" as they learn of medical advances, Sargent said, and "some seek legal redress when the result is not satisfactory for their individual case."

A gradual breakdown of the traditional relationship between the patient and family physician with increased referral to specialists, growing awareness of insurance coverage, and publicity over court verdicts favorable to the plaintiff, also account for a rise in the number of malpractice suits, the lawyer said.

Further use of pretrial conferences to eliminate court cases was encouraged by Dr. O'Dea, who suggested that

Other suggestions were: "Clean-up the yard of winter's rubbish both to improve the property and remove the hazards."

"Remember that it is necessary to obtain a burning permit from your local fire station before starting fires in the open."

"Make sure you have plenty of large ashtrays in every room where occupants or guests smoke."

"Empty ashtrays frequently and keep matches in safe containers and out of the reach of children."

be accomplished by giving children fluoride tablets or drops in their milk.

That would make possible a more logically controlled program for giving children fluorides to strengthen their teeth, would result in a saving for the city and would not offend people who are opposed to the fluoridation of the water they drink, Alderman Nixon stated.

ALDERMEN SPLIT IN 15-8 BALLOT

After listening to the arguments the 23 Aldermen split 15 to 8 in favor of the fluoridation appropriation. (One seat on the Board is vacant as a result of the death of the late Alderman Charles H. Cosgrove.)

The 15 Aldermen who voted in favor of the appropriation were Joseph G. Bradley, William Carmen, Melvin J. Dangel, Ernest Dietz, Franklin N. Flaschner, William M. Glovsky, Harry H. Ham, Jr., William Hopkins, Theodore D. Mann, John P. McCarthy, Charlie H. Morang, William H. Prentice, William P. Ripley, Harry L. Walen and Earle D. Wood.

The eight who voted against the appropriation to make fluoridation of the water system possible were Winslow C. Auryansen, Adelaide B. Ball, William A. Diman, George L. Hicks, Charles F. Hovey, John P. Nixon, Allard Valentine and President Wendell R. Bauckman.

Mayor Gibbs declared that the action of the Aldermanic Board assures the fluoridation of the city's water supply and that it is now simply a matter of carrying out the recommendations of a consulting engineering firm.

Gibbs has taken the position since last fall that the vote on the fluoridation referendum was a mandate from the people and that there was nothing further to argue about.

Water Commissioner Croker said the next step will be to execute a contract for the preparation of plans, designs and specifications of the work to be performed.

ENGINEERS TO CARRY OUT PLANS

This probably will be done by Coffin & Richardson, Inc., the engineering firm which made the study to determine how the fluoridation plan should be carried out, it was indicated.

At the same time Croker will make arrangements to obtain land at three locations where fluoridation machinery will be installed.

The stations feeding sodium fluoride into the water supply will be located in the vicinity of Church street in Newton Corner, at West Newton Square and at the MDC pumping station on Commonwealth avenue, near City Hall in Newton Centre.

After the plans and designs have been perfected and the locations have been secured, the final step will be to purchase and install the machinery for the fluoridation of the water.

Croker asserted that the amount of fluorides in the water will be controlled and

MR. AND MRS. DONALD J. KOHLER

Donald Kohler and Bride Will Live In Roslindale

White flowers decorated the altar of St. Agnes Church in Arlington for the recent marriage of Miss Alice Marie O'Brien to Donald Joseph Kohler.

Mr. and Mrs. William J. O'Brien of Arlington and Mrs. Joseph Kohler of 272 Spiers road Newton Centre, are the couple's parents.

The Rt. Rev. Oscar O'Gorman celebrated the 10 o'clock nuptial mass, which was followed by a reception at the Hotel Continental in Cambridge.

Escorted by her father, the bride's Chantilly lace over satin gown had a fitted bodice made with a V neckline and long wedding point sleeves. Her full skirt had a court train.

Seed pearls formed the becoming crown caught with her illusion veil. She carried her missal topped with white orchids and cascading satin ribbon caught with clusters of Stephanotis and greens.

Mrs. William Whittier of Arlington was her sister's matron of honor. Mrs. Robert Brouillette of Arlington, cousin of the bride, and Miss Elizabeth Glynn of Everett were her other attendants.

The best man was Norman Kohler of Newton, brother of the bridegroom. Ushering were Martin Beatty of Jamaica Plain, Lawrence Lanagan of Somerville and Herbert Bourgeault of Jamaica Plain.

For her going-away costume the bride accented her raspberry walking suit with black. She also wore a mink stole.

Miami Beach, Fla., is the honeymoon destination of the couple, who plan to live in Roslindale.

The bride is a graduate of the Boston College School of Nursing. Mr. Kohler, a hospital engineer, attended both Northeastern University and Boston University.

Janet Casey Is Fiancee of Law Student

Mr. and Mrs. Walter J. Casey of Newton have made known the engagement of their daughter, Miss Janet Ann Casey, to John D. Corrigan Jr., son of Dr. and Mrs. John D. Corrigan of Quincy.

Miss Casey is a graduate of Regis College, class of 1961.

A graduate of Holy Cross College, class of 1959, Mr. Corrigan is a third year student at the Boston University School of Law.

From Miss to Mrs. ...

By MASSIMINO

A perfect wedding does not happen by chance. And although bridal customs may come and go, the marriage ceremony goes on forever. So, too, the protocol associated with the happy event.

The etiquette of a formal wedding is not a hodge-podge of arbitrary rules, but rather a beautifully integrated procedure that is full of imagination, spiritual meaning, and tradition. Hence, your wedding, be it small or large, should be traditionally beautiful and dignified.

From the time he pops the question, to the time the knot is tied, it is your cherished responsibility to plan a wedding that will run smoothly and be smart. And since most of the decisions made at this time involve the parents of the girl financially, they should be considered a part of the discussions which will set the scene for your day of days.

When you start planning your wedding, keep these goals in mind. Remember the cost of this day can amount to anywhere from a few hundred dollars to several thousand dollars. It is nearly always impossible to do it for the amount considered adequate when the plans are first made. There are always more people coming to the reception than you originally intended, and more things to be bought, more services to be paid for.

The only way to make sure that a wedding will be given for a set budget, is for the specialists, who are professional managers of weddings, to take over. We tell you exactly what you get for a definite amount and also relieve you of attending to details.

For those stalwart enough to carry on—for parts or for all the arrangements—on this page you will find a wedding directory of some of the most trusted names associated with the wedding business.

As a business man, and as a professional wedding consultant, I would not allow any merchant to be listed in a directory bearing my name unless he holds an enviable reputation in his field of business. In this way, you can be assured of quality, if you use the directory as your guide.

Since your wedding is important, avoid the hordes of wedding industry salesmen that promise you the world for nothing and say nothing of the extras to complete their package plan. Remember ... you only get what you pay for.

And speaking of values, I might mention that during the past week, while I was in town, I stopped in at the Castro Convertible Showroom. The manager, Lou Erick, sensed my doubtfulness as I gazed at a coffee table that was supposed to seat eight. Within five seconds, he demonstrated how this elegant coffee table could convert into a console or dining table. Don't believe it? ... go see it.

And while you're on Washington Street, stop in and see Miss Stacey, the bridal consultant at I. J. Fox. She's got a terrific selection of bridesmaid's gowns in, to complement their fine selection of brides. While you're there, ask to see the headpiece I said was only fit for a queen.

If you happen to have your fiancé with you, before you go home, stop in at one of Boston's oldest jewelry stores ... Stowell's on Winter Street. Ask Mr. Cook to show you the cultured pearls that I think any girl would like for a wedding present. If it's diamonds you want, they've got the best.

May I extend an invitation to the readers of this page to send any questions they may have on wedding etiquette to me in care of this newspaper or directly to my office at 431 Hyde Park Avenue, Boston, Massachusetts.

You are also invited to make a free appointment to discuss your wedding plans by calling my office at FA-3-0400 any morning between 9 a.m. and 1 p.m.

On June 2nd through the 3rd, the schoolboys will be in action at the Newton South High School courts in a battle to decide the New England Class "A" and New England Class "B" titles.

This is the climax to the school tennis season. The winners will be selected to play in the United States Inter-scholastic Championships at Williams College on June 18th.

June 6th through the 10th will see both boys and girls playing in the Suburban Sidney Hill Club Open Junior Championships in an "after school" tournament. Any boy or girl in the 12 to 14 year age group who wishes to play, should contact George Adams at 95 Oakdale Road in Newton Highlands.

Sewer Use Charge Is Hit By Taxpayers Group Here

The Newton Taxpayers' Association charges that "a sewer use charge would require Newton Citizens to send an extra \$50,000 in federal income taxes to Washington."

Opposing the recently revived proposal, the Association says in its recent bulletin that "a sewer use charge is not deductible in the computation of a householders net taxable income because it is not a tax. 'It is a service charge like a water bill. But the householder's real estate tax is deductible.'"

The Association estimated that net increased income to the city of \$240,000 yearly could be expected from a sewer charge based on 40 per cent of the water bills. The tax rate could be benefited by about 85 cents.

Ten per cent of the householders not connected to sewers would benefit directly. Heavy users of water would pay something more. Institutions exempt from the real estate tax would pay about \$8,000.

"But everyone else would be paying about the same total amount to the city by means of the sewer use charge plus real estate tax combination instead of just through the income-tax-deductible real estate tax," continues the bulletin.

"The sewer use charge may be worth while in Boston," says the Association, "because Boston has a huge proportion of tax exempt institutions, and because so much of its property whether business or

residential is held by companies or trusts which can enter the charge as a business operating expense in their income tax returns.

"But this charge is not acceptable where the great bulk of the property and people are in individual households. We do not think the small realizable net gain in revenue to the city is worth the price of shipping about \$50,000 extra out of town," the Association concludes.

MORE WITHHOLDING COMING?

DO YOU WANT the Federal Government to withhold 16 2/3 per cent of your interest and dividend income? This proposal would require you to file certificates of exemption or claims for refunds each year if the amount withheld were not justified.

THE U. S. TREASURY WANTS LEGISLATION to do exactly that. Only pressures of other legislation prevented Congress from voting on this issue last session. It is sure to get early attention by Congress in 1962.

WHAT CAN YOU DO to avoid compulsory withholding? For one thing...

REPORT FULLY AND ACCURATELY all interest and dividend income received or credited to your account. This applies to income from stocks and bonds of corporations, including mutual funds... savings accounts in commercial, savings and cooperative banks... share accounts in savings and loan associations and credit unions... postal savings... and United States savings bonds.

MORE TAXPAYER RETURNS WILL BE CHECKED as improved enforcement machinery is put into use.

FULL REPORTING of dividend and interest income will lead Congress to feel less need to enact compulsory withholding.

HELP UNCLE SAM collect all his income by reporting all of yours!

Study Housing Of Negro Families Which Toll Road Will Dislocate

The Newton Fair housing Practices Committee held a meeting recently at the Myrtle Baptist Church in West Newton, for members of the Negro community through which the Massachusetts Turnpike Extension to Boston is expected to pass.

The meeting was attended by more than 130 persons from all over the city including 44 residents, white and Negro, who expect to be directly affected by the road.

Presiding over the meeting was William J. Jones, chairman of the Newton Fair Housing Practices Committee, who stated, "Minority group members have particular trouble locating housing. Their problems under the present conditions of intense competition for houses will be even more acute."

Wilbur W. Bullen and Dr. Donald E. Bowen represented the Newton Community Council's Relocation Committee, of which Mr. Bullen is chairman. This is the committee designated by the Mayor to coordinate the activities of all interested groups in Newton and to recommend advisable action.

Also present were Aldermen Melvin J. Dangel, Ward 3, and Joseph G. Bradley, Ward 1, both of whose wards will be greatly affected by the course of the road, and State Rep. Lorenz Muther of the 5th Middlesex District, who is executive director of the Newton Taxpayers Association.

The participants at the meeting were provided with copies of the section of Mayor Donald L. Gibbs' agreement with the Turnpike Authority stating that: "The Authority will, upon the request in writing of the owners of any of the thirty-two houses now occupied by Negro families situated within the limits of its proposed taking and in the area from Robinwood Road to the proposed West Newton interchange, replace such houses by moving the same, together with their

auxiliary buildings if any, or by furnishing other houses of equal utility and quality on other land in the same general vicinity to be furnished by the Authority at its expense, on lots conforming to the City of Newton zoning ordinances as the same may be varied by the Newton Zoning Board of Appeals, and to convey titles to the lots to which such houses shall be removed to the owners of such houses, provided that such request shall be made within ninety days of the date of taking."

A list was also distributed of the addresses of the houses involved as drawn from the most recent list provided by the City for the Newton Community Council. It was emphasized that this list is not final; that as the road progresses, there may be changes resulting from engineering considerations.

Mr. Jones mentioned the importance of the survey now being made of all 340 families by the Community Council, and of its recommendation to the Mayor to set up a professional Relocation Officer with a staff and a conveniently located office to aid in the relocation problems.

"We believe we should have an official source for help," said Mr. Jones. Mr. Bullen added, "The Mayor says he will propose an appropriation for a Relocation Officer who will be an employee of the City to the Finance Committee and the Board of Aldermen. The answer should be available March 19 after the next Aldermanic meeting."

Mr. Bradley said that the Aldermen are very concerned, and that 340 families constitute a great many people needing help. Mr. Bullen stated a figure of \$10,000 for six months as the appropriation requested. Rev. Louis C. Ford, pastor of the Myrtle Baptist Church, proposed a resolution which was unanimously accepted that the meeting go on record in support of this recommendation.

PLAN ANNUAL SPRING DANCE—Newton women on committee for the annual Spring Dance of the Massachusetts Mental Health Center to be held next month. Seated, left to right, Mrs. John F. Reichard and Mrs. Gerald Adler; standing, Mrs. Leston L. Havens, Mrs. H. D. Stalvey and Mrs. Cavin Leeman.

Mental Health Center To Benefit By Annual Dance

Many Newton women are busy with plans for the annual benefit spring dance sponsored by the auxiliary of the Massachusetts Mental Health Center, Boston.

The gala event being featured as the highlight of the auxiliary's fund raising activities at this time will be held in May at the Harvard Faculty Club.

Co-chairman with Mrs. Patison Esmiol of Cambridge, is Mrs. Cavin Leeman of Newton. Chairman of sponsors, Mrs. Elvyn V. Semrad has announced that letters of sponsorship have been mailed and that a good response is noted.

Among the many members from this area are: Mrs. Leston L. Havens, vice president; Mrs. Thomas G. Webster, Chestnut Hill, corresponding secretary; Mrs. John F. Reichard, financial secretary; Mrs. D. H. Funkenstein, director of the coffee shop; Mrs. Lester Grinspoon, program chairman; and Mrs. Gerald Adler, member of the executive committee for the dance.

In a study done in 1960 by the Newton Fair Housing Practices Committee with Dr. Morton Rubin of Northeastern University's Department of Sociology, it was shown that real estate values in the neighborhoods where these families moved in were not affected at all, not even the values of the houses immediately abutting those owned by non-whites.

In addition, "There has been no trouble in any of these neighborhoods. The only troubles encountered have been with real estate agents and some builders who anticipated troubles that never materialized." He emphasized that it is against the law for a real estate broker to refuse to show any property listed with him because of race, color, or creed. Even if an owner does want to discriminate in the sale of his house, his agent is legally not permitted to do so for him.

Also, the Commonwealth of Massachusetts has Fair Housing laws that apply to all buildings containing three or more rental units, and developments of 10 or more houses. These laws are enforced by the Mass. Commission Against Discrimination which is watching Newton closely at this time. "If you experience discrimination, report it," he said. "Otherwise you are driving a nail in the coffin of your children."

The Newton High School Class of 1952 is holding its 10th reunion next month, and members who have not been contacted are asked to call Mary Rose Campbell, 26 Circuit Ave., Newton Highlands, at DE 2-4129 and she will forward the information.

further at this time.

Gibbs expressed the belief that it is time the whole library system was reviewed. He also voiced the conviction that the most objective results could be obtained from an independent, outside study.

Earlier, the Trustees cited these points which a survey would have covered:

The community and its requirements, over-all philosophy of library service in Newton; review of current programs; review of current services; organization, staffing, communications and general administration; compensation structure and levels provided for employees;

Also, facilities and equipment; community relations, costs, both operating and for anticipated capital funds, and a time-phased plan of action for carrying out recommendations which would grow from such a survey.

"With this knowledge, I am sure that everyone in this community who can will want to contribute to the 1962 Easter Seal appeal to ensure that the rehabilitation services of the Bay State Society for the Crippled and Handicapped continue to be available to as many of our crippled people of all ages as can benefit from them."

Easter Seal programs include a traveling rehabilitation team, individual case services, vocational counseling for handicapped teenagers, J.O.B. (Just One Break) placement service, information and referral service and the Rehabilitation Center of Worcester.

Letters Warn Of Dwindling Open Recreation Space

Urban sprawl and chaotic planning are devouring open spaces needed for recreation areas at an increasing rate, according to Howard L. Rich, chairman of the sponsoring committee for the National Recreation Association in Newton. Serving on the committee with Mr. Rich are Miss Adelaide B. Ball, Harsh Sharf, Mrs. Worthington L. West and George L. White.

In letters sent this week to local residents, the committee pointed out that the Association is one organization which is sounding the alarm of this danger to the public, planning bodies, boards and commissions. This non-profit agency helps communities all over the country to retain and expand their open spaces by giving prompt advice and guidance, they said.

Aid against encroachment is one of many services of the Association to help Americans make the best and most satisfying use of their expanding leisure time, the committee said.

To continue serving the recreation needs of the nation, the Association depends upon voluntary contributions, they said, in urging local citizens to give their generous support. Gifts are tax deductible.

by Your Congressman LAURENCE CURTIS • 10th District, Mass.

L. Curtis—Window On Washington
WASHINGTON, April 4—A bill making important changes in our Federal tax laws was passed by the House last week, and is now before the Senate. It provides an "investment credit" to businesses which plow back earnings into new machinery and equipment, estimated to cost the Treasury over \$1 billion.

It provides for the 20% withholding of taxes on interest and dividends, estimated to produce over \$600 million. It limits deductions allowable on expense accounts, and stiffens the tax on incomes earned abroad by American business.

The withholding on interest and dividends aroused strong opposition, based largely on the difficulties of administering the law, and on the unfairness of withholding in the case of persons with small incomes not subject to the Federal income tax.

The chief argument for the procedure was that since there is withholding on salaries and wages, there should also be withholding on interest and dividends. The logic is unanswerable, but there are differences between the two situations which cause great difficulties in the case of the withholding on dividends and interest.

In the case of salaries and wages, there is usually only one employer-employee relationship at one time during the taxable year. In the case of dividends and interest, one person may receive dividends from several companies, and may receive interest from savings bonds, savings banks, co-operative societies, insurance companies. The total number of accounts subject to withholding is astronomical, estimated by the Commissioner of Internal Revenue at more than 350 million accounts.

It is conceded that there will be much over-withholding of money payable to persons of low income and not subject to federal income tax, or with but slight liability. The law permits persons with no tax liability to file "exemption certificates," to exempt them from withholding. It also permits claims for refund, which in some cases can be filed quarterly. All this would result in a "administrative monstrosity," according to opponents of the bill.

The Republican leadership opposed the tax withholding. It believed that there were other and better means of facilitating full collections of the tax on interest and dividends, and of catching up with the tax dodgers.

It desired to amend the "investment credit" provision of the bill by substituting a provision for accelerated depreciation, believing that this would accomplish the same objective in a better and fairer way. Failing in an effort to make such a substitution, it sought to strike from the bill both the withholding tax and the investment credit. When that failed, it opposed the bill. I voted to that effect.

Ralph W. Cessna Speaks Sunday At Free Lecture

The importance of prayer in overcoming limitations will be brought out in a free public lecture to be given in St. John's Methodist Church, 80 Mt. Auburn Street, Watertown, on April 8 by Ralph W. Cessna of Evanston, Illinois.

A member of The Christian Science Board of Lectureship, Mr. Cessna will speak under the auspices of The First Church of Christ, Scientist, in Boston, Mass., Sunday afternoon at 3:30. His subject will be "How Christian Science Removes Limitations."

Local arrangements for the lecture are being made by members of First Church of Christ, Scientist, Newton, and Christian Science Society, Belmont. For some years he was a resident of Newton.

A former newspaperman, Mr. Cessna was born in Battle Creek, Michigan. He worked on newspapers in Michigan and Florida before joining The Christian Science Monitor in 1929. During World War II he was a captain in the United States Army and was a panel chairman with the War Labor Board in the Chicago area. In 1947 he entered the public practice of Christian Science. Five years later he became an authorized teacher of Christian Science.

Newton Joins Harvard In Plan To Replenish Teacher Supply

The Newton Public School system is joining the Harvard Graduate School of Education in the establishment of programs of part-time study for women whose family responsibilities do not permit them to study full time for teaching careers.

This program is for college-educated women and a limited number of applicants will be admitted to begin their studies this summer and fall.

They must meet the same admissions standards and course requirements as full-time students, but their programs will be spread over a longer period and will be planned on an individual basis.

The part-time program for elementary teachers will be conducted in cooperation with the Newton schools. It will include course work at Harvard; observation at the Harvard-Newton Summer Program; supervised practice teaching; and a semester of paid intern teaching in Newton.

Those completing the program may expect regular teaching appointments in Newton wherever they qualify for existing vacancies.

Dr. Charles E. Brown, superintendent of Newton schools, said "we are interested in this program both because it offers the possibility of providing a high degree of continuity in our staff and also because it provides an opportunity for us to benefit from the contributions which I am sure many of these women will be able to make in the classroom."

Applications are being re-

ceived for study leading to the degrees of Master of Education for elementary teaching, and Master of Arts in Teaching for secondary schools, which is sponsored jointly by the Faculties of Arts and Sciences, Education, and the Radcliffe Graduate School.

Part-time applicants for the Master of Arts in Teaching degree will be considered for not less than half-time study. They may prepare for high school teaching in the fields of classics, English, fine arts, mathematics, modern foreign languages, music, and the natural or social sciences. In addition to university course work, the program will include supervised apprentice teaching in one of 20 cooperating public school systems.

Robert H. Anderson, professor of education and director of elementary internship at Harvard, said the part-time elementary program seeks to prepare for classroom teaching "mature women of outstanding ability and leadership qualities, who can anticipate staying in service for a substantial period of time after completing their training."

A persistent problem in the elementary schools, he said, is the loss of young women who stay in teaching for only a few years before assuming full-time responsibilities as wives and mothers.

Further information about the part-time programs may be obtained from Miss Nancy Woods, elementary, and Mrs. Aida R. Levi, secondary, at Lawrence Hall, Kirkland st., Cambridge.

JESUIT PRAISES VILLAGE STRUCTURE IN NEWTON—Dr. Donald E. Bowen, president, third from left, shown shaking hand of Rev. W. Seavey Joyce, S.J., guest speaker at meeting of Newton Community Chest and Community Council. Other officers in photo, left to right, Dr. Neil W. Swinton, first vice president; Mrs. Irene K. Thresher, second vice president; George L. White, treasurer; John W. McLeod, clerk, and Norman H. S. Vincent, assistant treasurer.

Newton's City Planning And Urban Renewal Program Get Commendation

Newton, as part of the metropolitan area, must concern itself with problems of the larger community, Rev. W. Seavey Joyce, S.J., told those who attended the annual meeting of the Newton Community Chest and Newton Community Council held at the Newton YMCA last Thursday.

Father Joyce, Dean of the College of Business Administration at Boston College, praised the city planning and urban renewal programs in Newton.

The noted Jesuit continued that cities are made for people and they reflect the character of the people. He sounded a warning against making cities

for automobiles. He noted that the village structure of Newton is enriching and quipped that, "It is only on occasions such as this that natives of the villages speak to each other."

"You have an obligation to Newton to preserve the character of this city," he stated. "This will be increasingly difficult as the pressures of the metropolitan area continue. But it will profit Newton little if the rest of Greater Boston should fall apart and die."

Several unsettling problems facing Newton, mentioned by the Jesuit priest, included the toll road and railroad. Every road causes problems, he

pointed out, but we don't need to be ruthless in solving them. It is very painful for families and businesses to be uprooted. He noted the Community Council's efforts to help those families who will be displaced by the toll road.

Officers elected to head the Newton Community Chest and Council include Dr. Donald E. Bowen as president, Dr. Neil W. Swinton and Mrs. Irene K. Thresher as first and second vice presidents; George L. White, treasurer and Norman H. S. Vincent, assistant treasurer. Elected clerk of the Community Council was John W. McLeod and Wilbur W. Bullen was elected clerk of the Community Chest.

Elected as directors of the Community Chest board for three years are Gustav R. Breitzke, William L. Bruce, Francis Chase, Stanley Epstein, Champe Fisher, Edward A. Green, Walter A. Hood, and Kenneth W. Rogers.

Members elected to the governing board of the Community Council are Mrs. Edward Landry, Mrs. Arnold P. Mork, Rabbi Murray I. Rothman, Samuel Turner and Mrs. Meyer Armet.

Retiring as officers of the Community Chest and Council are George M. Shannon as first vice president, and Mrs. Genevieve R. Onoley as second vice president.

MTA HERE IS "TOONERVILLE TROLLEY"

Mayor Tags Highland Branch As Inadequate Rapid Transit

Mayor Donald L. Gibbs in an address at the Boston College Seminar this week likened the Highland Branch MTA line to the proverbial "Toonerville Trolley."

The Mayor discussed many of the problems confronting the city, warned that its citizens can expect a tax rate increase this year and called for State assistance to help meet rising school costs.

Extension of the Toll Road through Newton not only will uproot homes and business places but will throw heavier traffic onto approaches to the turnpike in Newton Corner and West Newton than those roads are capable of carrying, Gibbs told his listeners.

Referring to school matters, Mayor Gibbs said that Newton has invested \$17 million in new school buildings during the past 10 years and predicted that it will have to spend at least another \$7 million for the same purpose in the next decade.

He said that Newton has the dubious distinction of having the highest per capita debt of any city in Massachusetts but that he has lowered the outstanding debt about \$2 million in the past two years.

Takes Issue With Highland Branch

In his critical reference to the Highland Branch line, Mayor Gibbs declared: "It would seem that the Highland Branch is not living up to its advance billing."

"Yes — the number of riders has increased over the years formerly in use, but remember, substantial numbers were considered as transients from other lines."

"We also have legions of riders who park their cars in the Riverside lots, obtain the seats and pay no share of the deficit of this system."

"Contrast this line with real rapid transit as found — RAPID TRANSIT — (Continued on Page 13)"

Nine Local Residents Get Red Cross Service Awards

Nine Newton residents, including the former internationally noted tennis star, Mrs. Hazel V. Wightman, recently were honored for volunteer community service in the Red Cross at ceremonies held at the organization's headquarters in Boston.

Surrender City Hall To Boys

Newton's "Boy Mayor" John Ahearn of Newton High School was greeted at City Hall by Mayor Donald L. Gibbs on Tuesday morning when "Boys' Day in Government" was observed as part of National Boys' Club Day.

It was quite an experience for the lads, one they'll never forget. "Mayor" Ahearn and the other boys were taken from the Newton Boys' Club to City Hall by bus accompanied by the Police Chief's car, the Fire Chief's car, and the Library Car and a police cruiser.

At City Hall the boys were "sworn in," escorted through the various departments, held — CITY HALL — (Continued on Page 12)

Automobile Accidents Injure 11

Two persons were seriously injured, and nine others less seriously hurt, in a series of automobile accidents in Newton.

Most seriously injured was Daniel D. Fraser, 20, of 777 Mt. Auburn St., Watertown, who was thrown into the street when his car collided with a tractor-trailer near 527 Washington St., Newton.

Fraser was unconscious for 10 hours and underwent emergency surgery at Newton-Wellesley Hospital where he also was treated for injuries to his head, left eye, neck, knees, face and left hand.

His companion, Ethyl MacFarlane, 22, of 42 Greylock Rd., Newton, was treated at the hospital for head and hand injuries and released. The operator of the truck was Benjamin Crossman of 156 Coolidge St., Brookline.

Also seriously injured in another accident was Barbara Fields, 17, of 11-A Hargrave Circle, Newton Highlands. She was thrown from a car reported to have been operated by John A. Litvack of 24 Cocohutte Rd., Newton Highlands. It collided with one driven by Mrs. Sadie D. Stone of 164 Hartman Rd., Oak Hill.

Alerts Out On \$20,000 Rare Coins Stolen Here

Dealers in rare coins and postage stamps have been alerted to be on the lookout for such material stolen from the home of Jacob S. Kambourian at 133 Forest avenue, West Newton.

The coin collection alone was valued at \$20,000, according to police and one of the missing items was an Armenian coin minted about 4000 B.C.

It was contained in a safe which weighed 300 pounds and also held the stamp collection and \$2,000 in non-negotiable bonds. Police estimated the break into the Kambourian home occurred between 5:30 p.m. Friday and 4:30 p.m. Sunday. Entrance was through a bedroom window.

Also stolen was a \$5,000 diamond ring and other jewelry, a \$200 portable TV and a \$180 radio.

The safe, its door off, was found by caddies on the third fairway of the Milton-Hoosic

Belated Kudos For St. Bernard's Girl Hoop Team

The plucky girl basketball team of St. Bernard's High of

West Newton and their cheerleaders are still receiving congratulations on completion of a victorious season. The six-girl hoop team won the Catholic League and Class B tournament titles and the cheerleaders won the District League Title. That is quite an accomplishment considering that St. Bernard's has an enrollment of 100. Coach of the champs is Mary Lou Sullivan, who never played basketball during her days at Newton's Sacred Heart and Sargent College.

she's the physical education director at St. Bernard's. Members of the team are Diane Bennett, Nancy Bedell and Nancy Hartigan, the forwards; Julie McEnaney and Mary and Kathy McCormack, the guards. Mary McCormack is the captain-elect for next season. The four spares were Lauren Murphy, Ellen Shaughnessy, Terry LeForte and Sandra Whitehead. Their overall record of the season was 13-2. They won the District League on a 9-1 record and they won the Class B tourney with a 28-16 win over Our Lady's girls.

"CHUMMY WITH HUBBY'S FRIENDS"—Chants Newton, Inez Brown to fellow-townsmen, left to right, Charles Kaplan, Eddie Manaster and David Wolk, who appear in the new musical review "Once In A Lifetime" to be presented Wednesday evening, May 2nd at 8:30 o'clock at the Newton South High School auditorium. The show is written and directed by Lee Daniels, with choreography by Shirley Finkel, both of Newton. The show is sponsored by the Boston Spirit Chapter, B'nai B'rith. Newton Centre Boy Is Winner Of Senior Award

Richard J. Palmaccio, 789 Commonwealth avenue, Newton Centre, received the highest senior award at the Science Fair held recently at St. Sebastian's Country Day School. His entry was a pendulum clock of original design.

Each part of the clock was of wood, including the hand-sawed gears and movements. The clock keeps accurate time notwithstanding the wood parts and works.

The young man's achievement in winning this honor gives him the opportunity to take part in the Diocesan Science Fair this month at McHugh Forum at Boston College.

He plans to enter Boston College in September where he will be a candidate for a degree in mathematics.

Fourteen Scouts Of Troop 9 Are Awarded Honors

Fourteen Scouts of Troop 19 received recognition last week at a Court of Honor held before an excellent adult turnout at The First Church in Newton, Newton Centre. Awards were conferred by a Court consisting of: Troop Committee Chairman, Carl Stiles; South District Chairman, Edward Dutton; Scoutmaster, George Collins Jr.; Chairman of Troop Advancement, Ronald Dean; and Committeemen, James Spinks and Samuel Senior.

Following the Flag Ceremony, the Scoutmaster, Senior Patrol Leader Frank Staszsky, and six Tenderfoot Scouts opened the Court with a candle-light ceremony.

Accompanied by their parents, six boys received their Tenderfoot Badges: John Aisner, Steven Cutler, George Goldsmith, Paul Greengross, Nevin Scrimshaw, and Michael Watts. Mark Shaw and Emil Stuzinski advanced to Second Class Rank; Andrew Levin received his Den Chief's Cord; Merit Badges of fishing and reading were awarded to Earl Spinks and Frank Staszsky, respectively.

In recognition of the continuing work in aiding and training younger Scouts in the troop, Senior Strips were

Meadowbrook To Open Next Fall

The \$750,000, eighteen-room addition to the Meadowbrook Junior High School will go into use next September but it is "touch and go" whether it will be ready for the opening day of school next fall, Dr. Charles E. Brown told the Newton School Committee Monday night.

The superintendent said Meadowbrook will open in September and house the entire student body. Construction is progressing "reasonably close to schedule" according to John E. Gilleland, Director of Business Services.

The Meadowbrook addition will contain 12 classrooms, four science laboratory classrooms, a combination lecture and demonstration room and increased library, dining and storage space.

presented to George Collins III, Clifton Dean, Geoffrey Senior, Earl Spinks, Frank Staszsky, and Emil Stuzinski.

The installation of Dr. Edwin Cutler as Assistant Scoutmaster climaxed the ceremony. His oath of office was administered by Carl Stiles. Upon completion of the Court of Honor, Troop Chaplain, Willard Green, explained the various religious awards such as God and Country, Ner Tamid, Ad Altare Dei, which was given to Scouts by the different faiths in recognition of their religious achievements. Mr. Green emphasized that this church award undergirds the 12th Scout Law: "A Scout is Reverent."

The Panther Patrol presented a series of slides illustrating their advancement activities on a recent weekend at Nobscot. Following this, Mr. Collins explained the Spring camping program to the 65 persons in attendance, concluding with slides of Camp Hidden Valley. Refreshments were served by the Scouts.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

McCormack - Kennedy Fight Nearing Climactic Stage

The candidates for the Democratic and Republican nominations for the U. S. Senate now are moving into the crucial stages of their battles for delegate support at the State Conventions of the rival political parties.

On the reports received to date from delegates who have committed themselves, Attorney General Edward J. McCormack, Jr., is leading Edward M. (Ted) Kennedy in the Democratic race, while on the Republican side Congressman Laurence Curtis and young George C. Lodge appear to be running almost neck and neck.

But there are a lot of delegates still on the fence in both parties, and the competition for their votes will be intense during the weeks immediately ahead.

The two senatorial battles—and especially the one between McCormack and Kennedy—are commanding nation-wide attention.

Kennedy, McCormack and Lodge already have appeared on the nationally televised show, "Meet the Press," at which they answered questions fired at them by veteran newsmen. Curtis is scheduled for his turn in the near future.

McCormack caused a lifting of political eyebrows when he declared in answer to questions on the TV program that if he is beaten in a fair fight at the State Convention he will not run for Senate in the primary.

His exact words were: "If I am beaten at the convention—and the free and independent judgment of the delegates is that Teddy is better qualified than I am—then I will not run in the primary."

What he apparently meant was that he will abide by the decision of the Democratic State Convention unless he feels that undue pressure was placed on the delegates by persons in the Kennedy administration.

McCormack emphasized that he expects to win the endorsement of the convention and said that his figures show that he is leading Ted Kennedy 2-1 among the delegates who have declared themselves.

Up to the time that this was written the Kennedy camp had made no statement or claim as to its delegate strength.

Attorney General McCormack's statement raises the possibility that a Kennedy-McCormack primary fight might be avoided and that the loser at the June convention may be induced to shift his political target and run for some other office.

Most political onlookers believe it is a rather fair possibility and expect that the struggle at the Springfield convention will merely be the first round in a fight between Kennedy and McCormack.

When Kennedy appeared on the "Meet the Press" show, he said, in response to questions, that while he normally would accept the decision of the convention, he would run in the primary since that was what McCormack intended to do.

Kennedy's understanding of McCormack's position was based on newspaper stories quoting unnamed persons close to the Attorney General.

McCormack, in turn, asserted that he was misquoted and that he had made no such statement.

While both President Kennedy and U. S. Attorney General Robert F. Kennedy have declared that they will not enter the fight in behalf of their younger brother, McCormack rather philosophically expressed the belief that they will do whatever they can to help Ted.

Political pundits, however, anticipate that both the President and Robert Kennedy will remain apart from the senatorial battle but that some of the White House aides may endeavor to give Ted a lift.

McCormack handled himself remarkably well as he answered a barrage of questions from newsmen who pulled no punches in what is known in the trade as a bare-knuckle interview.

He was poised at all times, D. degree from the Philadelphia College of Pharmacy. He formerly served as professor of pharmacy and chairman of the Department of Pharmacy and Pharmacy Administration at St. John's University.

OUR READERS SAY

Views on Expansion Of Newton Jr. College

Editor, The Graphic:

Pursuant to the interest in the city of Newton in the expansion of Newton Junior College, I address this communication to you merely to set the fine report of the League of Women Voters straight in one respect.

The implication left by the report was that the state would not be interested, in any case, in "taking over" Newton Junior College because Newton could not offer a suitable tract of land of 40 acres or more. This is subject to some modification in view of the policy decision facing the Board of Regional Community Colleges which amounts to answering this question: in a metropolitan area in which 40 contiguous acres of land are very hard and expensive to come by, will it be better to operate from branches, north, west, and south of Boston, to be administered as the Boston Community College, or some such title, with these separate buildings "where the students are." The economies to be effected by such an organization are probably apparent: one estimate indicates a capital outlay saving of 14 million dollars.

If this is done, one of the advantages which would accrue would be to enable the state system of community colleges to keep to the optimum size for a college, something between 2000 and 3000 students per college. We are aware in Newton that staggering of classes enables a building to be used by about twice as many people as its stated capacity; thus if a school house were found which could be given to the state for this purpose, which was rated as suitable for 1000 students, that building renovated and refurbished as a college might house, actually, 2000 students.

The reader should not assume that this constitutes an endorsement of any proposals or suggestion of any proposals to incorporate Newton Junior College into the state system of regional community colleges; it is merely to present an aspect of the facts which was not available to the League of Women Voters at the time when they composed their report.

a convention that doesn't wind up as a farce and a travesty. This writer has directed criticism at Lynch on more than one occasion. This time we're leading the cheers for him.

McLernon's Wings May Be Clipped

MTA General Manager Thomas J. McLernon probably will not be fired if the trustees of the transit system are legislated out of office under the provisions of the reorganization bill now pending in the Legislature.

But it's a pretty sure bet that his wings would be clipped and some of his power shorn away.

He might even become a little more like a general manager and a little less like a dictator and czar.

There is little doubt that Governor Volpe would like to get rid of McLernon. That has been made very plain by persons close to the Governor.

Under McLernon's contract, however, it would cost something like \$200,000 to give him the heave-ho. That would be too expensive a luxury for Volpe.

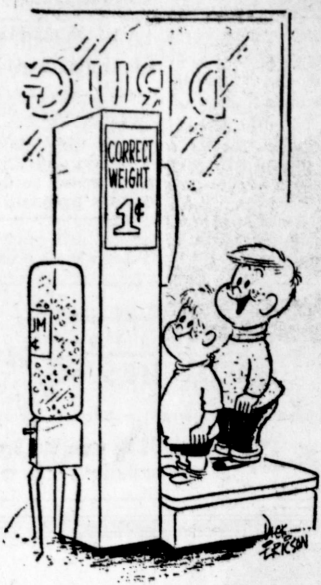

It's possible, of course, that McLernon might quit if his authority is curbed. But it's not likely that very many cities are beckoning him to come and take \$40,000-a-year jobs.

One provision in the reorganization bill calls for the appointment of a labor relations man to handle the MTA's dealings with the Carmen's Union. That would seem to be a move the trustees themselves should have made.

Clergy Advised Of Deadline for Social Security

Congressman Laurence Curtis today advised members of the clergy that they have only until April 15th to come under Social Security coverage, if they have not already done so. Congressman Curtis explained the procedure as follows:

"Members of the clergy may elect Social Security coverage by filing before April 15, a 'Federal Form 2031' known as a 'Waiver Certificate for Use by Ministers.'"

These certificates and pertinent information can be secured from the Office of the Collector of Internal Revenue at 174 Ipswich Street, Boston, or from the Social Security District Office in your area. These offices in Greater Boston will be found listed in the Boston Telephone Directory under "United States Government" and under the subheading "Health, Education, and Welfare Department."

"It is important for members of the Clergy wishing Social Security coverage to act promptly," the Congressman said.

Oak Hill District Group Annual Meeting April 26

The Oak Hill District Improvement Association will hold its annual meeting on Thursday evening, April 26, at 8 o'clock in the Meadowbrook Junior High School auditorium.

The program will feature a panel discussion on the subject: "The Future Use of Open Land in Ward 8." Panel participants will include William Carmen, Mrs. R. Gordon Archibald, and William P. Byrne.

Mr. Carmen, Ward 7 Alderman, and Chairman, Newton Housing Authority, took an active part, as Chairman of the Newton Commonwealth

Improvement Association, in opposing a high-rise apartment development on the Commonwealth Country Club land. Mrs. Archibald, president, Wellesley Conservation Council, is a leader in her community in promoting desirable conservation practices in Wellesley. Mr. Byrne, executive director, Newton Community Council, has made an extensive study of the sociological implications of high-density housing.

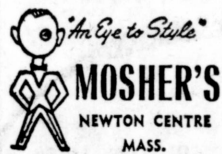

The Oak Hill District Improvement Association has focused its meeting this year on this problem because of the great concern of the residents in the Ward 8 area regarding the best possible utilization of the remaining open land in the district. In the past year large numbers of residents have registered their opposition to downgrading of zoning, and to the erection of high-rise apartments. The public is cordially invited to attend.

PAST PRESIDENT'S PIN—Mrs. Edward P. Garland, left, of Wellesley Hills, new president of the Newton-Wellesley Hospital Aid Association, joins Mrs. P. Edward Eden, of Newton Highlands, retiring president, as Mrs. Robert W. Moore, Jr., of Waban, presents a past president's pin. The Aid Association greeted new officers and directors at the 77th annual meeting held at the hospital.

New Officers Installed By Hospital Aid Association

Mrs. Edward P. Garland, of Wellesley Hills, was installed as president of the Newton-Wellesley Hospital Aid Association at the 77th annual meeting held in Allen-Riddle Hall on Tuesday, April 10th.

Mrs. Robert W. Moore, Jr., of Waban, a past president of the association, presented the American Hospital Association's Past President's pin to Mrs. P. Edward Eden of Newton Highlands. Mrs. Eden is the retiring president of the 1800 member women's service organization.

A novel program — "I Am Miss Smith! May I Rub Your Back?" — introduced Mrs. Egon E. Kattwinkel, Aid member from West Newton, and Miss Mary Connor, senior nursing student from Weston and president of the Student Council.

The two presented the Aid's regular program in nursing careers. While the program is frequently presented to high school groups, the membership had never seen it.

Mrs. Kattwinkel described opportunities in nursing and Miss Connor showed colored slides depicting the life of a Newton-Wellesley nursing student. The Aid Association had financed the recently-taken slides, and offers the program to school groups interested in nursing.

A coffee-hour preceded the annual meeting, and was in

charge of Mrs. William G. Johnson of Newton Upper Falls. The pourers were Mrs. William S. Brines of Wellesley, Mrs. E. Stanley Hobbs of Weston, Mrs. Mark C. Walker of Waban and Mrs. Robert W. Moore, Jr.

Greetings were extended by Mark C. Walker, president of the hospital, and William S. Brines, director. Other officers presented by Mrs. Arthur D. Baldwin of Wellesley, Chairman of the Nominating Committee, were: Mrs. Winslow H. Adams and Mrs. Robert C. Casselman, both of Auburndale, Vice Presidents; Mrs. Ronald W. Adams of Newton Centre, Recording Secretary; Mrs. Marshall S. David of Wellesley Hills, Corresponding Secretary; Mrs. Gordon B. Gifford

of Waban, Treasurer; Mrs. Arthur C. Burleigh of Wellesley, Assistant Treasurer; and Mrs. Warner Eustis of Newton, Custodian of the Endowment Fund.

Appointed to the nominating committee for 1963 were Mrs. Howard L. Rich of Newton and Mrs. Robert H. Smith of Wellesley Hills. The new Chairman of the Committee is Mrs. V. Stoddard Bigelow of Auburndale.

New directors include Mrs. Philip J. Baird of Newton Highlands, Mrs. Kenneth C. Collinson of Newton, Mrs. Donald B. Conant and Mrs. Richard A. Winslow of West Newton, and Mrs. Philip Richardson, Mrs. D. Thomas Trigg and Vincent C. Zeigler of Wellesley Hills.

Elected an honorary member of the Aid Association was Mrs. E. Stanley Hobbs of Weston, former director of volunteer services at Newton-Wellesley Hospital.

PTA Council Meeting Held On April 5th

A PTA Council meeting with Jerome Grossman presiding, was held on Thursday evening, April 5th, at the old Pierce School on Chestnut street, West Newton. Mrs. Burnett Pitt, president of the Newton South High School PTSA, reported that seven paintings from the Museum of Fine Arts are at present on loan to Newton South High School. This is the first time the museum has loaned paintings in this manner. In conjunction with the exhibit a series of art lectures is also being presented.

Before the school was built parents worked with the architects to provide devices for hanging works of art, and much of the PTSA activity has involved exhibition work. The main effort of the PTSA this year has been directed at supporting the school library with funds and with a volunteer staff, Mrs. Pitt said.

Mrs. Irving Helman from Bigelow Junior High School reported on the individual homeroom PTA meetings held at the children's homes. This program has been called "Operation Mohammed" because the school was being brought to the parents. The program will probably continue next year.

Stanley Golembe, president of Spaulding PTA reported on the values study undertaken by his group with the assistance of Dr. Edward Landy and three of his associates. The code included guide lines for such problems as television viewing, boy-girl parties, bed-times, and what constitutes a proper breakfast.

The program engendered such interest that some 250 people showed up when the code was to be discussed although only 80 were expected. Mr. Golembe said. At the meeting parents realized that they agreed on stricter standards of behavior for children, than their children had led them to believe.

Mrs. William Farrell reported on the results of the 600 questionnaires which she and the Community Relations Committee sent to various Newton citizens. The respondents indicated they would like more detailed information about individual school budgets, about the goals and procedures of modern teaching methods, about how the city can secure and retain good teachers, about college entrance problems, about the role of the guidance department, and the effect of autonomy of the Newton schools.

The report of Bert Harmon, safety chairman, pointed out that Newton children who ride bikes have been taught hand signals that are at variance with those used in the rest of Massachusetts. Parents should check the law and re-educate their children. His report also covered home hazards, bus safety, and first aid instruction being given in the schools. A report was given by Mrs. Raymond Wilbur, Health Chairman, who agreed to seek information on what plans Newton has made for administering the oral-polio vaccine.

It was announced that Mrs. William Farrell will replace Mrs. Roger Hamilton, general secretary of the Council for the past eight years, who is soon retiring to take another job. Mrs. Irving Gelman has been appointed to represent the Council on the Newton South High School Scholarship Committee.

The PTA Spring Conference on "Teaching, The Image and the Reality," will be held on May 17 at the Newton South High School. Participants will include Dr. Harold B. Gores, formerly superintendent of Newton schools; Lester W. Nelson, associate program director of the Fund for the Advancement of Education of the Ford Foundation, and Mrs. Buena Stolberg, past president of the department of Classroom Teachers of the National Education Association. Mrs. Maxwell Potter and Mrs. Thomas K. Burnap are co-chairmen of the conference. Publicity will be handled by Mrs. Bernard L. Kaplan and Mrs. Harry V. Anderson.

Arthur Laughland, principal of Hyde School warned against the practice, prevalent in the West, of business enterprises being conducted in the schools.

For example, children have been approached to sell magazines in school with the cooperation of the teachers. This practice has not been taking place in Newton but, should teachers or children be approached, Mr. Laughland urged that the PTA Council be notified.

Dr. Donald K. Davidson, principal of Newton South High School, spoke about his three-week sojourn in Nigeria to help in the establishment of a high school there.

Warn Owners Of Old Sheds, Huts

Owners of dilapidated sheds, huts or buildings described as "attractive nuisances" have been warned by Newton Building Commissioner Vincent D. Burns that they are in violation of the city's code.

Roofs of many of these have been weakened by heavy snows and high winds of the winter and represent potential danger spots for children who might play in the structures, Commr. Burns said.

He urged owners of such structures to get permits to have them razed. He said the fire department would cooperate in such razing.

Grid Coach-

(Continued from Page 1)
the Class B in which South High was listed.
Supt. of Schools Charles Brown, who announced the Ronayne's appointment said the new coach for South High probably will be named at the next School Committee meeting.

The new Newton High head coach is a physical education teacher as well as coach. Actually Ronayne will be returning to Newton High, as he was appointed to the faculty there in 1957 as teacher and assistant coach in football and baseball. In 1960 he was named head coach at Newton South in 1960 when that school opened.

In his first grid season, Ronayne's boys played a strong Class B schedule and won three, lost three and tied two. In 1961 South High lost to Framingham and Wakefield by last minute scores of 12-6 and then won the next six games in a row.

Ronayne is a graduate of Holy Cross College and also of Boston College High School. From college he went to St. Bernard's in Fitchburg, then assistant coach at Boston English, head coach at East Boston and in 1957 moved to Newton High.

He also is golf pro at Pocasset Country Club and was coach of golf at South High. The appointment becomes effective on Sept. 1, and so Ronayne will be at the helm when Newton High opens its season against Everett High School on Sept. 22.

The Marine Corps veteran was unanimously approved by the School Committee and the appointment was to become effective Sept. 1 on motion of Genevieve R. Oncley and was seconded by Manuel Beckwith. In making the appointment, Dr. Brown commented: "This is the man we know well, in whom we have confidence."

Jim Ronayne, who is 38, lives at 64 Lindbergh Ave., in Needham. He is married and the father of eight-year-old Robert and six-year-old Jane. He graduated from Boston College High School in 1940, entered Boston College in '41 then enlisted in the Marines and attended the Dartmouth College V-12 program. He was quarterback of the Dartmouth team in 1943.

The next three years he spent on active duty with the Marines and took part in the Guam and Iwo Jima campaigns. Upon his discharge from the Marines he entered Holy Cross College and received his degree in 1947. He starred in baseball and hockey but did not play football.

He re-entered the Marines during the Korean war and was discharged in 1952 and from there went to East Boston. His teams won the Boston district championship three times.

Family Tree Garden Center To Mark 7th Anniversary

The Family Tree Garden Center announced today it is celebrating its seventh anniversary with a big "Garden Fair" next Thursday, Friday, Saturday and Sunday (April 19, 20, 21, 22) at the nursery at 2139 V.F.W. parkway, West Roxbury.

This complete garden center has been operating and serving the West Roxbury, Dedham, Newton and Needham areas for seven years now and the owners, George and Dick Dennis, are planning this open house weekend to celebrate the occasion.

This will afford an excellent opportunity for gardeners and homeowners in the area to take advantage of the many specialties that will be featured. Among the most helpful will be the free soil test that will be available. Science has developed an electronic soil tester which gives rapid and accurate analysis. Everyone is invited to bring in a sample of soil from their gardens for free testing.

Several lawn and garden experts will be at the Family Tree for this weekend to help solve problems of lawn building, fertilization, insect and disease control, soil conditions and other important phases of gardening and landscaping.

Dexter Brownell, world renowned rosarian and grower, will be on hand at the Family Tree Garden Fair to give helpful information on rose care. He will also conduct periodic demonstrations of the art of rose pruning, which is a subject of great interest.

To add to the festivities, free hot coffee will be served during the mornings of the fair and there will be free balloons for the youngsters.

Many prizes will be offered during the celebration.

George and Dick Dennis, Larry Tasker and Charles Weatherbee, formerly of Brecks, will be on hand to welcome old and new customers.

Sullivan. It will be held Sunday, April 29, starting at 3 o'clock in the afternoon at Donnelly Memorial Theatre, Boston.

HERBERT CONNOLLY H. Connolly In Race For Lt. Governor

Herbert Connolly announced this week that he will seek the Democratic nomination for Lieutenant Governor.

President and general manager of the largest Buick dealership in New England, Connolly resides at 80 Claremont st. He is married, the father of three children and is a graduate of Boston University which he attended nights while building up his business.

Connolly characterized the current state of Massachusetts politics as a "public disgrace" in the statement in which he announced his candidacy.

In tossing his hat into the political ring, the Newton man emphasized that he has no alliances or entanglements with any group.

"I am a businessman with a stake in Massachusetts. I intend to remain here and I — like everyone else — desire a better form of state government," he declared.

"I have decided to campaign for the office of Lt. Governor because I have a strong conception of what the office should be and can be with capable direction. I am a Democrat and will campaign as such, but I would stress that I am my own man and not affiliated with any large, controlled political organization. The essence of a democracy is government of the people with true representation for the people and that is what I feel has been lacking in the past years in the State House. It is past time for us to get out and do something about it," Connolly said.

"I wish to make this point clear at the outset. The thought of my candidacy stems from a group of friends who, like most of us, are steamed up about the condition of the state. The nucleus grew larger and larger — some 1700 of them turned out for a testimonial dinner for me — and I have accepted. But I am campaigning as Herb Connolly, Democrat.

"I do not wish simply to be a Devil's Advocate, hitting out to the left and right. I know areas where there have been weaknesses and I know areas where there are strengths. This is not a time for the people of Massachusetts to be exposed to continued shouting from the rooftops with no foundation beneath it. I feel we must contribute reasonable leadership with sound planning which carries forward and, over a period of time, erases this terrible blotch on our record.

"That will be the basis of my campaign — careful, well reasoned planks in a platform which, when successful, will help to straighten out the mess, not just land my name in the headlines.

"I would make one additional point, 'He continued.' This is a situation which has been caused not by Democrats or by Republicans but by a combination of both, plus the refusal of the average voter to get out and fight for what is right," Connolly asserted.

Chestnut Hill Country Club Women to Meet

The next luncheon meeting of the women members of the Chestnut Hill Country Club will be held tomorrow, Friday, April 13th at noon.

TRACKS COME UP IN PATH OF TOLL ROAD—As easy as lifting your hat, thirty-foot panels of ties and tracks of the Boston & Albany Railroad are shown being removed in the Newton section of the new 12-mile Toll Road to Boston. Two tracks will be left for freight and passenger service. Turnpike roadways will be at track level generally 30-feet below city street levels in Newton, Brookline and Boston.

Rapid Transit-

(Continued from Page 1)

in other large cities. You will find an inadequate roadbed, improper equipment with the overall effect of a swaying, jolting ride reminding one of the proverbial Toonerville Trolley. It isn't rapid transit in any sense of the word."

Mayor Gibbs traced the upward trend of Newton's budgets and tax rates, pointing out that in 1940 the city had a \$5,241,000 budget and a \$29.60 tax rate, that in 1949 the budget had climbed to \$10 million and the tax rate to \$36, and that in 1961 the budget had zoomed to \$25 million and the tax rate to \$62.80.

The budget this year was \$24 million, with the 1962 tax rate not yet set, Mayor Gibbs observed.

"For those constituents of mine in the audience may I reluctantly say that your 1962 rate won't be on the down side," Gibbs continued.

School Budgets Help Boost Taxes

"School budgets in Newton, at least for the past three years, account for the lion's share of these tax increases.

"Unquestionably, this school assistance program is deserving of prompt attention on the state level, for rising school costs are universally the largest percentage of municipal budget increases. The problem is dramatically evident. It requires speedy solution if municipal budgets are to be contained within proper bounds."

Gibbs told his listeners that few persons realize how small a portion of a city budget is actually under the control of the Mayor. In Newton, he said, the Mayor controls only a little more than a third of the total budget.

Let's look at some of these expenditures which we are unable to touch as they appeared in our 1961 budget," Gibbs asserted. "Direct school costs 36 per cent; debt requirements 11 per cent; welfare and veterans' services payments 3½ per cent; retirement and employee benefits, including group insurance and workmen's compensation, 4½ per cent; abatements 1½ per cent; state and county assessments 9 per cent.

"In practically all of these illustrations the law requires me to find the money and, roughly, these totalled 65 per cent of the entire costs of this city. Is it any wonder we plead with our friends in State government not to assess further costs on us without providing the means?" he asked. Mayor Gibbs stressed the staggering problems created for Newton by the toll road extension and, in what was interpreted as a slap at the Turnpike Authority, rapped the dictatorial powers given some Authorities and the lack of controls over them.

"It is not easy to assimilate the loss of \$4 to \$5 million of assessed valuation, which by present standards is well over a year's new growth," Gibbs stated.

Hardships For Uprooted Homes

"The hardships posed by the uprooting of 350 new homes are unbelievable, for on many instances those affected know not how to meet this dilemma that is forced upon them. The City of Newton already has moved to assist these citizens in this trying period and will continue its efforts in this direction.

"Traffic and its control is an ever-increasing puzzle, complicated in our case by a high ratio of automobile ownership, as well as the city's position lying in the path of direct access to the western parts of the State," Mayor Gibbs declared.

"The Toll Road has increased traffic over our main highways substantially he continued. "While the extension will to some extent eliminate this burden, it will, however, mean that two main entrance points to the extension will be placed in West Newton and Newton Corner respectively, adding substantial amounts of traffic over our streets, not designed or capable of assuming this increased load."

"To solve this problem adequately," Gibbs said, "will require new traffic lights, new parking lots,

Weeks Junior High PTA Awards 3 Scholarships

The Board of the Weeks Junior High P.T.A. has announced the award of three scholarships to graduates of Newton High School and Newton South High School. The funds are obtained from proceeds of the Weeks Clothing Exchange, and are paid directly as tuition to the school chosen by the recipient.

A \$500 scholarship goes to Clarice Patton, daughter of Mrs. John Lockwood of 17 Prairie Avenue, Auburndale and the Rev. Kenneth L. Patton of Boston. Clarice is a member of the National Honor Society, a National Merit semi-finalist, president of the Russian Club, editor of the Newtonite, a member of the Chess Club, and takes judo at the Y. She has been accepted by the University of Chicago and Brandeis, and has chosen Brandeis which has offered her a second scholarship.

Marsha Katz, daughter of

additional police and other expenditures." He remarked that Newton's streets are clogged by the automobiles of persons living in other communities who cannot or will not pay the price to use available parking facilities.

"Ordinances are passed restricting or preventing parking, to the detriment of citizens, but signs are no better than enforcement, and in many instances enforcement is lacking due to insufficient money and manpower, so confusion reigns."

He said that agencies of the State government such as Authorities should in fairness "assume their rightful burden in the havoc they wreak on us."

Mayor Gibbs observed that the tax base of a city or town is narrow. "Our expenses continue to rise at a steady pace," he said, "We cannot continue to absorb substantial capital outlay costs as well as yearly maintenance expenditures not of our making and choice."

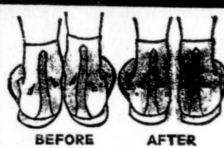

"The answer to this question is perhaps the most important need confronting us today," the Mayor stated.

Mrs. Samuel Katz of 56 Gay Street, Newtonville, was also awarded \$500. She was elected to the National Honor Society in her junior year, is a member of the Russian Club, the Leader Corps, editor of the Newtonian, and a member of the International Club. She has had a scholarship at Hebrew Teacher's College for the past two years, and will complete her work there concurrently with her other college work. Marsha wants to pursue a career in language or social science.

Patrik Messore, son of Mr. and Mrs. Gennaro P. Messore of 375 Elliot Street, Newton Upper Falls, was awarded \$250. He is president of the Varsity and plans to go to Bridgewater Teachers College and become a coach and science teacher.

MUST 2,000 CHILDREN BE SENTENCED TO DEATH EACH YEAR?

Leukemia is a great child-killer. Yet scientists insist this disease must be conquerable.

When 60 die of cancer, one is a child. Because leukemia is so grimly fatal, the American Cancer Society diverts one out of six of its research dollars to a search for a cure or preventive for this dread malady.

Will anyone say this wrong?

Out of research supported by the American Cancer Society have come temporary arresters for leukemia. Some scientists are hopeful

that a vaccine against this disease will be developed.

If a tiny victim can be kept alive for just a little bit longer, the "insulin" for this cancer of the blood-forming tissues may yet be developed.

Your dollars help make this possible. Send them now to CANCER, c/o your local post office.

Taxpayers' Topics Warns Of Rezoning

The Newton Taxpayers' Topics distributed this week contained a warning against scattered rezonings in Newton because of the extension of the Toll Road from Weston to Boston.

The bulletin, issued by Executive Director Lorenz F. Muther Jr., said "the obvious dangers to the long-range values in the city attendant upon major dislocations are that scattered small rezonings may take place of the displaced persons or businesses individually. There is not much suitable land left."

Church Project Provides Living Animals As Gifts

Children and young people of the Auburndale Congregational Church School are again busily concentrating on a service project during the Lenten and Easter season.

Last year the church youngsters garnered their pennies, dimes and quarters and offered them towards the purchase and shipment of chicks to be sent to Africa. This year the project is goats for the underprivileged overseas. "Goats For Colombia" is the theme.

The project was organized by Mrs. Tetsuo Takayanagi and Eugene Turner, in cooperation with Heifer Projects, Inc. Through this means, churches and individuals in the United States help needy people overseas through the gift of live animals.

Newton YMCA Makes Plans For Much Finer Day Camp Chickami

Plans for development of Camp Chickami, the Newton YMCA day camp in Wayland, were announced this week by Eldred M. Peterson, president of the Newton YMCA.

Need for plans for camp development were triggered by a fire in the early morning of July 28, 1961, which destroyed the large pavilion type building used as a central structure and chief facility for the camp. Temporary provisions were provided for the remainder of 1961 and the camp closed its season using tents and improvised facilities. Immediate steps were then taken by the Camp Chickami committee and the Board of Directors of the Newton YMCA to plan for the future.

Howard Whitmore, Jr., former Mayor, has been named general chairman for a campaign to raise \$100,000 as a development fund for camp.

Preliminary work has begun with the establishment of headquarters for the project in the YMCA at 276 Church street, Newton. Opening date for the campaign will be Thursday, May 3. Closing report will be held on the 85th Annual Meeting of the Newton YMCA to be held Thursday, May 24.

Camp Chickami was founded in 1946 first using MDC facilities at Riverside. Facilities were established at Wayland, Massachusetts in 1955 on a twelve acre site. In two moves total acreage has been increased to twenty-five.

A program of all round growth opportunities involv-

ing nature study, outdoor sports, swimming, sleepouts, and family activities is staffed by qualified YMCA leaders. They are assisted by leaders recruited from colleges and from the field of education.

A total of 1598 different boys have been served by Camp Chickami since the camp moved to Wayland in 1955. Normal camp enrollment has been 120 but in the projected plans, up to 240 youngsters could be accommodated at one time.

Swimming, always a priority for camping, has been an emphasized program. Four hundred and seventeen youngsters have learned to swim at the Wayland camp site. The new planned pool will expand this activity. Nature study is provided in a setting convenient and adequate to meet camping standards.

With ample room for the new facilities, the Newton YMCA proposes the next step in a carefully planned program to provide needed activity space. The new plans have been termed an effort "to build for the present and the future."

Counsel and guidance have been provided by the New England Area Council of Y.M.C.A.'s and the Financial Service Bureau of the National Council. Permission to conduct the campaign has been granted by the Newton Community Chest and the United Community Services of which the Newton YMCA is a member agency.

The proposed expansion

will provide campus type program facilities, increased camp capacity, possible provision for girl members of the Y, and an increase in camper-family program opportunities.

Of special interest is the building of a modern swimming pool to provide swimming instruction, recreational swimming, water safety training, and family fun.

Campaign Chairman Howard Whitmore stated: "This we must do for practical reasons recognized by business and professional men, for civic reasons appreciated by the citizen who has pride in his community, and for moral reasons which are clear to the parent, the teacher, and the church member."

"It's been a nightmare," Mrs. Gordon added. "I've had to guard that water-filled hole since January. There are a lot of children in this neighborhood."

The Zoning Board has under consideration Dr. Gordon's request for a variance to permit the shelter to be constructed within five feet of the lot line, instead of 12½ feet as required by the zoning ordinance.

Excavation for the shelter was started last September, but work was stopped when it was learned that a variance was required. The Zoning Board held a public hearing on the petition March 27. A spokesman for the board, Dr. Gordon said, informed him that should a variance be issued, "Next thing you know, people will be wanting to open up butcher shops here."

Two Boy Scouts Receive Awards At St. Paul's

At the annual visitation of the Rt. Rev. Anson Phelps Stokes, Jr., Bishop of Massachusetts to St. Paul's Episcopal Church, Newton Highlands, the God and Country Award of the Boy Scouts of America was presented to two members of Troop 214 of Newton Upper Falls, Scout Stephen A. Miller and Scout Douglas F. Miller.

The award was presented by their father, assistant scoutmaster, Angus M. Miller, with the approval of the Protestant Committee on Scouting of the Newton Council of Churches, Donald Kauber, Chaplain.

The scouts also passed an examination by the wardens and vestry of St. Paul's Church under the direction of Mr. John Bottomly, Mr. Philip Baird, Jr., and Mr. Charles Koopman.

Shelter Plan Abandoned By Doctor

Dr. Melvin J. Gordon of 459 Dudley road, Newton, apparently has decided to abandon plans for an elaborate family air raid shelter and will go ahead with filling in the 10-foot deep hole which contains three feet of water.

The physician apparently has abandoned plans for the 10-person family shelter on information that the Newton Appeals Board will decline to issue a variance to the building code to allow construction of the underground shelter.

Mrs. Gordon said she had been informed that it would "be at least two years" before another application could be considered by the Appeals Board.

"It's been a nightmare," Mrs. Gordon added. "I've had to guard that water-filled hole since January. There are a lot of children in this neighborhood."

The Zoning Board has under consideration Dr. Gordon's request for a variance to permit the shelter to be constructed within five feet of the lot line, instead of 12½ feet as required by the zoning ordinance.

Excavation for the shelter was started last September, but work was stopped when it was learned that a variance was required. The Zoning Board held a public hearing on the petition March 27.

Defer Vote On Zoning Change In West Newton

The Newton Aldermanic Claims and Rules committee has taken under advisement a proposal that 1,368 lots in West Newton be changed from two-family dwelling and placed in the single residence zone.

A public hearing was held Monday night at City Hall and 13 property owners who appeared were divided nine to four against the proposal as recommended by City Planning Consultant Charles E. Downe.

The Planning Board reportedly plans to conduct its own public hearing later. Consultant Downe told the Aldermanic Claims and Rules Committee that a large portion of the area is zoned for two family dwellings, but that the area has predominantly single family homes on relatively small lots. He said the original petition to upgrade the area in Precincts 1 and 4 of Ward 3 originated several years ago when a study was made of school requirements on the north side of the city.

Among those opposing the change were owners of two lots of land on North street who sought permission for garden-type apartment construction on their land.

One was George F. Hillier of 120 North street who said he owns 46,900 square feet of land, most of which is used only for garden-type apartments.

Former Alderman Ernest G. Angevine said he represented Dominic Vergata of 134 North street, owner of 77,473 square feet of land. Angevine described the site as ideal for garden apartments since it adjoins a manufacturing zone.

Framingham Man Surrenders Gun To Priest

A 30-year-old former mental patient who surrendered Saturday night to Rev. Francis L. Gallagher in the rectory of Our Lady's Church in Newton has been committed to Westboro State Mental Hospital for 40 days of observation and tests.

The man walked into the rectory, placed a loaded pistol on a desk and told Fr. Gallagher he was wanted in Framingham. Fr. Gallagher called police. Eight patrolmen under Sgt. John J. Bartinelli took the man into custody and turned him over to Framingham police.

According to Framingham police, the man terrorized his wife and child and a neighbor where he tied up a woman and threatened her with a hunting knife unless she disclosed where her husband's revolver was kept.

Martin Schedules Exams For Military Academies

Congressman Joseph W. Martin Jr. announced today that he will hold competitive examinations under the auspices of the U.S. Civil Service Commission on Monday, July 9, for appointments to the U.S. Military, Naval, Air Force, and Marine Academies.

Since the appointees from this test will enter the Academies in 1963, when Congressman Martin's new Congressional district will be in effect, the examination will be open to candidates from the new areas in the district. The new communities are the city of Newton, the towns of Needham and Westwood, and Ward 6 of the city of Fall River.

For the classes entering in 1963, there will be one vacancy at the Military Academy, one vacancy at the Naval Academy, and one vacancy at the Air Force Academy. For the Merchant Marine Academy, ten nominations will be made; and the nominees will enter a state-wide competitive examination to fill the quota for Massachusetts. The final selection will be made by the Maritime Administration.

Congressman Martin said the examination will be conducted at convenient local points. Members of the armed forces can take the test at the examination point nearest their post of duty.

Candidates must be residents of the new 10th Congressional District of Massachusetts and must be not less than 17 nor more than 22 years of age as of July 1, 1963, when the successful applicants will enter the academies.

Applicants for the examination should communicate with Congressman Martin at the House of Representatives, Washington 25, D.C., not later than June 1, 1962, for a permit to enter the examination. By that date the Civil Service Commission must know the number of boys who are preparing to take the test.

The new 10th district is comprised of the following cities and towns: Attleboro, Berkley, Dighton, Dover, Easton, Fall River, Foxboro, Freetown, Mansfield, Medfield, Needham, Newton, Norfolk, North Attleboro, Norton, Plainville, Raynham, Rehoboth, Seekonk, Somerset, Swansea, Taunton, Walpole, Wellesley, Westwood, and Wrentham.

DIGNITARIES ATTEND RIBBON-CUTTING—Many leading civic and banking figures attended the recent ribbon-cutting ceremony which officially opened the new main office at the Newton Savings Bank at 1188 Centre Street, Newton Centre. In photo, left to right, Hon. Daniel J. O'Connor, Deputy Commissioner, Office of the Commissioner of Bank; Hon. William P. Morrissey, Director of Savings Bank Examinations; Robert A. Rice, former Chairman of the Board of Newton Savings Bank; Mayor Donald L. Gibbs; Don J. Edwards, member of the Building Committee and Trustee of the Newton Savings Bank; Frederick C. Ober, president of the Newton Savings Bank; Justin T. Horan (rear), executive director of the Newton Chamber of Commerce; Frederick S. Bacon, trustee of the Newton Savings Bank.

Future Of Ward 8 Will Be Subject of Meeting

"The Future Use of Open Land in Ward 8" will be the featured program at the annual meeting of the Oak Hill District Improvement Association on Thursday evening, April 26, at 8 p.m. at the Meadowbrook Junior High School.

Ward 8 residents, as well as residents throughout Newton, have shown increasing concern with the need for the best possible utilization of open land, which is fast disappearing in the face of zone changes, and the need for careful planning on this vital subject.

The panel discussion will include the following participants: William Carmen, Mrs. R. Gordon Archibald and William P. Byrne. Mr. Byrne is executive director, West Newton Community Center. Mrs. Archibald is president of the

Wellesley Conservation Council. Mr. Carmen is active in community affairs in Newton, and is currently Ward 7 alderman and chairman of the Newton Housing Authority.

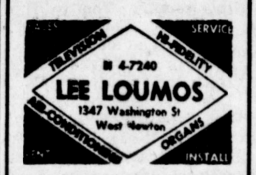

Election of officers and a short business meeting will take place. Officers and members of improvement associations from all parts of Newton are expected to attend. The public is cordially invited.

Lee Loumos Says:

HELP WANTED — Courageous public officials who are not afraid of the ballot box! Have you ever stopped to think how much better off this country could be if all our public officials cast their vote for the good of all the people rather than for the apparent sole purpose of perpetuating themselves in office? Their obligation to minorities and those with special problems or misfortunes is not enhanced by weakening the economy or moral fiber of our nation.

The current running of the marathon brings to mind the pure democracy of the ancient Greeks, one of the best features of which, I believe, was choosing their public officials from among the qualified by lot. If it were not for the possibility of losing potentially great statesmen would it not be wiser to limit public office to only one term, thereby giving to the dedicated freedom to search out the basic truth of any situation?

Incidentally, if you wonder how all this will sell my Magnavox TV and Stereo Hi-Fi or Federal Air Conditioners, let me remind you that the marathon course runs near my store, so after you have witnessed it, why not run (or even saunter) over to us and learn why we believe in the basic truth and beauty of our Magnavox and Federal's instruments. Philosophy as well as service will be thrown in without extra charge.

Sunrise Rites Easter Sunday; Services Today

The Easter Sunday program at the Newton Highlands Congregational Church will open with the sunrise service to be held at 6:30 a.m. on Andover Newton Hill. This will be followed at 7:00 a.m. by the Young People's Communion Service and breakfast at the church. The Pastor's Class, Senior Pilgrim Fellowship, Highlanders and all young adults home for Easter are invited.

The first service of Easter worship with reception of half of the pastor's class will be held at 9:00 a.m. The second service at 11:00 a.m. will be the same as the first, and at this time the second half of the pastor's class will be received into membership. There will be no church school and youth group meetings that day but there will be an opportunity for little children to attend the first part of either service, and to leave at a designated time when they will be cared for in the nursery.

The special music for the Easter services will be an organ prelude "Chorale in E. Major by Cesar Franck; anthem "Up, Up My Heart, with Gladness" by the Senior Choir. The Junior and Youth Choirs will combine to sing the next anthem "My Spirit Be Joyful," by J. S. Bach. Organ offertory "Allegro Moderato" (Concerto VI) by Thomas Arne, and the final anthem by the three combined choirs "All Hail the Power of Jesus Name."

The Holy Week services at the Newton Highlands Congregational Church began at 9:00 a.m. Monday with a children's service in the Robertson Chapel, and a reception for new members to meet the officers of the church, at 8:00 p.m. Children's services were held at 9:00 a.m. on Tuesday, Wednesday and will be held today, Thursday, — the final one to be a children's Communion at 9:00 a.m. tomorrow, Friday.

A special Maundy Thursday service, with reception of new members, Communion, and extinguishing of the lights will be held in the sanctuary at 8:00 p.m.

On Friday, from 12 noon to 3:00 p.m. there will be a service at St. Paul's Episcopal Church. This is a union service and everyone is invited to attend.

Vandals Damage 4 Golf Course Greens

Police are without a clue to the miscreants who caused some \$4,000 damage to three greens at the Woodland Country Club and one green at the Chestnut Hill Country Club.

Many square feet of the valuable greens were ripped up and torn out. The flag poles on four holes also were broken and cast aside.

meate both the churches and the hearts of the people who worship in them. The rising music of hymns and psalms will radiate the joy of the great religious holiday.

Special Easter services will be held in virtually every church in the community. One of the features of the services will be the festive Easter music.

Local churches have been preparing their Easter programs for weeks. Choirs and soloists have been rehearsing. Organists have sought to master the great music — most of it written many hundreds of years ago — dedicated to the story of Easter.

In hundreds of homes throughout the community

Sunday's great religious holiday, following the Lenten season of penance for the suffering and crucifixion of Christ, will be the occasion for family reunions, get-togethers and the traditional feasting after the fasting.

On Easter Sunday, too, in accordance with tradition of long standing, the ladies will display their most dazzling finery and raiment.

The Easter shopping rush is nearing its climax in the stores, shops and markets of the area.

Huge supplies of choice hams, turkeys and other foodstuffs, around which the

Easter feast will be planned, await the selection of the most discerning and fastidious housewives.

All local shopping centers reported lively sales this week in Easter finery, and their proprietors declare they are ready for any last-minute rush by those desiring to fill in their Easter wardrobes.

fective help. Few political experts are likely to make the mistake of under-estimating the influence of men such as the veteran Congressman Joe Martin within the GOP.

They actually owe Curtis their support for the manner in which he accepted the congressional redistricting plan they had a hand in working out which broke up his district and left him no opportunity to stand for reelection to the national House. From all reports they are fulfilling their obligation.

Curtis undoubtedly would have liked to be in a position where he could shift and run for a sixth term in Congress if he were unsuccessful in gaining the endorsement for the Senate at the Republican State Convention. Enactment of the redistricting law, however, closed that door to him.

Not only the Congressmen but Republicans generally must have respected the manful fashion in which Curtis accepted the liquidation of his district as part of the price which had to be paid to avoid the chaos of a state-wide election of Congressmen. Curtis, incidentally, probably would have been one of the 12-winners in a state-wide fight.

Two Congressmen — Curtis and Thomas J. Lane of Lawrence — were hurt by the enactment of the redistricting law. Lane was placed in a district which is Democratic by an estimated 17,000 votes but where he himself says he can't win because of the new sections added. At least, however, he would have a fighting chance. Not even that opportunity was provided for Curtis.

When the redistricting bill was before the State Legislature, Lane fought it all the way down the line, finally making a last-ditch effort to substitute a plan of his own. That, of course, was his right. He was fighting to save his own political life. But Curtis accepted the redistricting plan worked out by his colleagues without a protest or a whimper.

There is little doubt that Curtis, because of his position on the important House Foreign Affairs Committee, privately would have preferred to remain in Congress rather than move up to the Senate.

He knew from the outset, however, that his district would be the first one broken up under any redistricting plan because of its unusual geographical makeup and the fact that it took in portions of three counties. He had to make his move early for the Senate in order to get into the contention.

As Curtis himself has pointed out, he is the only one of the four major senatorial candidates against whom the dynasty issue cannot be used. He is the only one of the four who has served on Washington's Capitol Hill and in the body which is considered a training ground for the U. S. Senate.

Back through the years Curtis has been a credit to his political party, to the people he represented and to his district and his state.

Democratic adversaries might criticize his stand on controversial issues but even in the heat of political battle they never challenged his integrity or his sincerity.

In a district which grew increasingly Democratic during the decade he represented it, Curtis was unbeatable because of the caliber of service he provided.

Curtis was the leading Republican candidate for Governor just 10 years ago when a group of party leaders waited upon the then Congressman Christian A. Herter in Washington and persuaded him to enter the gubernatorial race. Curtis stepped aside in the interest of party harmony within the GOP.

Now, exactly a decade later, he refrained from outcries or protests when his congressional district was demolished so 12 of his colleagues would not be

forced to run state-wide and Massachusetts would not stand as the only State in the Union which was unable to establish congressional districts.

It's not surprising that some of the Republican Congressmen, who have worked and served with Curtis on Capitol Hill, have assigned members of their own staffs to assist in his drive for the U. S. Senate.

Nor is it surprising that other Republicans are taking a long, hard look at the qualities and qualifications of this man who is running on his record, not on his name.

Dwight Strong Rakes Old Coals

Former Watch and Ward Society Director Dwight S. Strong performed no public service with his pronouncement that eight present members of the State Legislature have been convicted of crimes involving larceny, gambling and assault.

If Mr. Strong knows any reason why any legislator should be ousted from office, he should speak out and name names — if he is in a position to do so.

The statement he made not only created a false impression in the minds of many persons but also cast a cloud of suspicion over every legislator, Democrat and Republican.

Strong's charges have caused widespread confusion and have been interpreted in several different ways by the public.

Some people assumed that the crimes to which Strong referred were committed by the legislators while they were in office.

A larger number drew the impression that the crimes were of fairly recent vintage. They just took it for granted that Strong wasn't talking about something which happened 20 years ago.

Except in the case of one legislator, however, Strong apparently was discussing offenses which occurred 15 or 20 years ago. That one legislator, whose court trial was widely publicized, has been convicted and is now free pending an appeal from his conviction. Little would be gained by pointing one more finger at him.

As far as this writer has been able to ascertain, all the other offenses cited by Strong occurred years ago and well before the legislators were elected to office.

In most, if not all, cases, the convictions were known in the districts where the legislators were elected. If the voters had forgotten the offenses, opposing candidates usually took pains to refresh their memories.

Any person, who has been convicted of a crime, minor or major, and enters a fight for a seat in the Legislature, usually can expect his past indiscretions to be pretty well aired.

But the voters apparently believed that the legislators now serving on Beacon Hill had made their mistakes, had learned their lessons, had paid

On Bike Signals

Dear Editor:

Your excellent coverage of the PTA Council meeting in Newton, last week, has brought many inquiries about proper use of hand signals by bicycle riders.

The PTA Council safety committee—composed of safety chairmen from each Newton school Parent Teacher Association—was made aware of the public's concern with the much-publicized "bicycle safety law" recently passed in Massachusetts. This law states that bike riders shall conform to the regulations applicable to motorists. Committee members queried State officials and learned that bicyclists—under this law—should use the same hand signals for turning and stopping as are required of Bay State motorists. This is the "law of the land," and it was so reported by the safety committee.

There is no question but that the present hand signals taught to Newton school children—based on uniform hand signals, which are national standards—are superior in their simplicity and ease of performance.

However the safety committee had no choice but to point out the requirements of the present Massachusetts law that bicyclists and motorists shall use the same hand signal. The committee cannot recommend that this law be broken or disregarded. It merely states the obvious, therefore, in advising that youthful bicyclists be taught those signals which are proper under the law.

Sincerely yours,

Bert R. Harmon,

Chairman

COMMITTEE

Newton Chapter Red Cross Will Meet April 23rd

Chandler J. Blackington, director of public relations for the Greater Boston Red Cross, will be the guest speaker at the meeting of the board of directors of Newton Chapter American Red Cross on April 23rd.

Blackington will discuss recent disasters in the Boston Area, such as fires, airplane disasters and the like and will also explain the methods of rehabilitation used. He will accompany his talk with slides of the disaster incidents and the methods of rendering relief.

He is a graduate of Boston University and received his degree in public relations in 1951. For eight years he was associated with Boston University as a staff member, before joining the Red Cross staff in 1958.

As an active Red Cross volunteer, he served as a member of the disaster unit for the Metropolitan Boston Chapter and was later named volunteer chairman of the disaster public information committee.

He has seen service with the Red Cross at several major disaster operations including the Worcester tornado and the Eastern States floods.

Blackington is a member of the Boston Publicity Club, the Public Relations Society of America and the Box 52 Association.

their penalties, had rehabilitated themselves and were leading law-abiding lives.

What Mr. Strong may have expected was that after making his unusual speech he would be summoned before either the House or Senate Rules Committee and called upon to name names and back up his statements.

Legislative leaders, however, are understandably reluctant to stage such a show in order to recall for the public edification the offenses committed by certain of their colleagues 15 or 20 years ago.

If such a hearing were to be held, it is virtually a certainty that other past indiscretions besides those of eight legislators would be brought into the discussion.

Mr. Strong is now the executive secretary of the New England Citizens Crime Committee. Things must be in pretty good shape if he can devote the time to search court records for offenses legislators or anyone else committed 10, 15 or 20 years ago.

Hail The Risen Christ

It's Easter time again. It is a season to rejoice, to have faith and hope renewed; to glory in the magnificence of Christ's triumph over the bondage of evil and the grave. Once again, throughout Christendom, the sublime story of that First Easter and the Resurrection is heard again. May it bring peace to your soul, a gladness to your heart and an exaltation to your spirit on Easter Sunday and throughout the year ahead.

Common Market Discussed At Women Voters' Meeting

"The Advent of the Common Market must be counted one of the greatest events of the century," according to Mr. Donald Humphrey of the Tufts Fletcher School of Diplomacy, at an open meeting held by the Newton League of Women Voters on April 11 at the Beethoven School in Waban.

Dr. Humphrey, who discussed "implications of U. S. Negotiations with the Common Market," was one of three panelists who spoke at the meeting. Jerome Grossman, president of the Newton PTA Council, served as moderator for the evening. The other panelists were Joseph F. Turley of the Gillett Company who talked about "How World Trade Affects U. S. Business," and J. William Belanger, chairman of the Joint Labor Council of Massachusetts, who discussed "Labor's Stake in Trade."

Professor Humphrey emphasized the importance of the Common Market as a vast and expanding market for American goods. However, he pointed out, in order to benefit from the existence of this trading area, this country must liberalize its trade laws so that we may be in a position to bargain more effectively.

Dr. Humphrey also expressed the expectation that the

fresh vigor in the trade expansion program would increase employment because it would be an impetus to increased investment, more capital, modernization, renovation and innovation in industry.

Joseph Turley reviewed the provisions of the Trade Expansion Act now before Congress and urged that the effect of its adoption would be to (1.) strengthen the U. S. economy; (2.) strengthen the economy of our Allies; (3.) would assist the growth of backward nation, and (4.) help to counter the effects of the Communist bloc.

Mr. Belanger pointed out that the public must accept the responsibility that goes with the expansion trade program. Some industries will certainly suffer from the effects of foreign competition. Workers in these industries would be out of jobs. According to Mr. Belange, we must realistically face the cost of compensating displaced workers, and of helping them to retrain and relocate.

The program was planned by the Foreign Policy Committee of the Newton League of Women Voters, whose members include Mrs. Henry Gesmer, chairman; Mrs. James Lewis, vice-chairman; Mrs. Lester Radlo; Mrs. Harold Stein; Mrs. Milton Rubin, Mrs. Arthur Burnes, Mrs. Haskell Freedman; Mrs. Stanley Backer; Mrs. Irving Wecker, Mrs. Maurice Evans, and Mrs. George Goldstein.

Chesterbrook Will Hold Open House

Chesterbrook Day Camp at 655 Lincoln street, Waltham, is holding open house vacation week through April 21 each day from 10 a.m. to 4 p.m. The directors, Mr. and Mrs. Chester T. Holbrook and counselors are on hand each day to greet old and new campers.

All camp buildings are open to visitors. A tour of the camp grounds and inspection of the new children's museum, locker rooms and pool bath-house will be conducted by the counselors.

On display in the museum is a collection of old and new guns, shells and stamps, together with a collection of dolls from around the world loaned by Mrs. William Melley of Lexington.

Local Student Has Role In UMass Play

David Manley, son of Mr. and Mrs. Walter P. Manley of 14 Lyman street, Newton Centre, has a role in the forthcoming production of Arthur Laurent's "Invitation to a March," which will be presented April 27, 28 and 29 in Bowker Auditorium at the University of Massachusetts at Amherst.

Mr. Manley, a veteran of several productions presented by the Roister Doister dramatic group, will play the part of Schuyler Grogan, the poring conventional young man who is engaged to marry Norma Brown, the play's heroine.

Auburndale Woman's Club Scholarships Go To Twins

Pamela and Patricia Martin, twin daughters of Mr. and Mrs. Leonard Martin, 49 Woodbine street, Auburndale, were presented with scholarship awards of \$200 each by the Auburndale Woman's Club at the annual spring luncheon held at White Cliffs, Northboro. Mrs. Martin was a guest at the luncheon.

The Misses Martin plan to attend Framingham State Teachers College as day students in the fall.

The following officers for 1962-63 for the Auburndale Woman's Club were elected: Mrs. Albert E. Everett, president; Mrs. LeRoy A. Faulk-

ner and Mrs. James I. Glaser, vice presidents; Mrs. Jeanne Shepard, recording secretary; Mrs. Charles J. Cogan, corresponding secretary, and Mrs. Peter Janis, treasurer. Mrs. Orazio E. Ward 8 Committee Hears Candidates; Elects Members

A recent meeting of the Newton Ward 8 Republican Committee, held at the home of Jack M. Roberts, committee chairman, drew a capacity turnout of Republican party workers, as well as Independents and Democrats, to assess the qualifications of three contenders for Republican Convention endorsement for

the office of Attorney-General. Edward W. Brooke, Boston Finance Commission chairman, Miss Arlyne F. Hassett, former assistant U.S. Attorney and Elliot L. Richardson, former U.S. Attorney, drew on their personal experiences in the investigation and prosecution of individuals who have undermined voter confidence

in government, particularly at the state level in Massachusetts.

Mr. Roberts expressed both pride and concern over the fact that so much Republican talent is available, but is concentrated on the race for Attorney-General. Therefore, the Regular Members of the Ward 8 Committee voted unanimous support for a motion by Mr. Roberts: That the Convention Rules Committee consider the desirability of changing the traditional order of voting at the Worcester Convention so that the delegates could endorse a candidate for Lieutenant-Governor after they have endorsed a candidate for Attorney-General.

The regular members also accepted the resignations of Mrs. Annie Murdoch and Harry M. Myers who have moved to Wellesley and Brookline respectively. New regular members of the Ward 8 Committee are Mrs. Dorothy B. White, 73 Old Farm road and

New associate members of the Ward 8 Committee are: Mrs. Cornelia W. Butman, 271 Parker street, Mr. and Mrs. Martin W. Cohen, 11 Jane road, Mr. and Mrs. Jerome J. Berkowitz, 140 Vine street, Bernard S. Rosser, 10 Sycamore road, and Melbourne A. McCullough, 156 Winchester street, Mr. Robrestet.

Mr. Roberts set May 17 as the date on which the Ward 8 Committee will vote on its allotted five delegates to the Convention. Prominent Newton Republicans in attendance were Carleton P. Merrill, Robert Tennant, Howard E. Branch, Charles H. Morang, Spencer F. Deming, Rep. Arthur G. Heaney and Mrs. Lorenz F. Muther, Jr. whose husband, Rep. Lorenz F. The three Aldermen are: Aldermen-at-large Winslow C. Auryansen and William M. Glovsky and Alderman George L. Hicks.

They will screen possible candidates and recommend a successor to Mrs. Oncley to the Board of Aldermen.

Mrs. Oncley, a graduate of Southwestern College in Kansas, has played an active role in the City's civic affairs. She was vice president of the Newtonville Improvement Association and the Republican City Committee.

In her letter of resignation, Mrs. Oncley expressed regret that she had to resign and said that she and her family "shall always owe a tremendous debt of gratitude to Newton for the many friends, acquaintances, activities and interests that are ours."

The letter also paid tribute to the General Court. From Needham came Senator Leslie B. Cutler.

to "the fine, dedicated men and women in various civic organizations" to the school committee members, Board of Aldermen, mayors and school superintendents under whom she had served.

"It has been a great privilege and challenge," Mrs. Oncley wrote, "to participate in the continuous development of our wonderfully alive and nationally recognized school system."

Mayor Donald L. Gibbs, in commenting on the rise in the tax rate, observed that it resulted from increased expenditures "all along the line, with the lion's share in the school department budget."

The Mayor indicated,

however, that he is optimistic about the future as a result of plans for a new high-rise apartment building to be erected and a new industrial plant which will be put up.

But he pointed out that new construction in the city during the past few years has not kept pace with mounting school expenses and climbing costs in other branches of the municipal government.

N-W Hospital Gets AMA Intern Accreditation

William S. Brines, Director of Newton-Wellesley Hospital, announced today that the American Medical Association has approved once again the hospital's intern education program.

Accreditation is granted by the Intern Review Committee of the A.M.A.'s Council on Medical Education and Hospitals. To obtain approval, a hospital must offer a broad scope of active patient services, and its medical staff must furnish interns with a vigorous program of classroom and bedside teaching. "Our teaching staff comprises physicians who also are affiliated with other Boston hospitals," Mr. Brines said. "Many of them are faculty members of area medical schools."

Interns at Newton-Wellesley, according to Mr. Brines, are exposed to four areas of medical specialty during their year of service—medicine, obstetrics, pediatrics and surgery. Four doctors will complete such rotating internships at the community hospital in June. Others have spent brief periods at the hospital since July, 1961, receiving instruction in one or more areas of medical specialty.

"A rotating internship in a hospital such as ours," Mr. Brines said, "permits a doctor to learn management of the total patient. He treats the illness and he deals with the family. He handles medical as well as social needs." More and more, Mr. Brines indicated, a doctor follows his rotating internship with further education as a resident before entering family or special practice.

NOW'S THE TIME TO SWITCH TO
FLAMELESS
ELECTRIC COOKING!

GENERAL ELECTRIC
Two-Oven High Speed Range

Why settle for less than modern flameless cooking? It's so clean — no fuel grime — so easy to operate, so automatic. A good example is this General Electric high speed range with the wonderful convenience of two ovens — one giant size that can actually cook a meal for thirty people, plus a companion oven for broiling or for smaller meals. Use simultaneously or singly. Both are automatic. For surface cooking there are four speedy surface units, including one ultra-high speed unit when you're in a great hurry. Surface units have pushbutton controls, ovens have clock controls and there's a special timer that signals time from one to sixty minutes. This GE range is a cinch to clean — surface units lift up, oven doors lift off and the raised cooktop edge prevents messy spillover. Go flameless now for cool, clean modern cooking.

BODY WAVE \$10.00

The Body Wave is a form of permanent waving used on hair that either has a little natural wave or hair that waves easily.

It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and remarkably easy to put up.

It is for hair to which the ordinary permanent wave (however soft) gives too much curl.

Newton High's Hathaway Hurls No Hit Game

If Newton High ever establishes a Hall of Fame for its athletes, room near the top will have to be allowed for Bob Hathaway who hurled a no-hitter against Newton South in the opening game of the season last Friday.

It was the first hitless game pitched since 1947 and Hathaway struck out six and walked three as Newton notched its 2 to 1 victory.

South's run came in the seventh inning when a batsman reached on an error, raced to third while the ball was retrieved, and scored on a throwing error.

It was the misfortune of South's moundsman, Bob Kenney, to get hooked up against the 6 foot 1 senior, as Kenney allowed only three hits and went down to defeat.

MUST 2,000 CHILDREN BE SENTENCED TO DEATH EACH YEAR?

Leukemia is a great child-killer. Yet scientists
insist this disease must be conquerable.

When 60 die of cancer, one is a child. Because
leukemia is so grimly fatal, the American
Cancer Society diverts one out of six of its
research dollars to a search for a cure or pre-
ventive for this dread malady.

Will anyone say this wrong?

Out of research supported by the American
Cancer Society have come temporary arresters
for leukemia. Some scientists are hopeful

that a vaccine against this disease will be de-
veloped.

If a tiny victim can be kept alive for just a
little bit longer, the "insulin" for this cancer
of the blood-forming tissues may yet be de-
veloped.

Your dollars help make this possible. Send
them now to CANCER, c/o your local post
office.

Rebecca Pomroy House Asks Spring Rummage Sale Gifts

Rebecca Pomroy House, 24 Hovey street, Newton, will open its doors for the annual Spring Rummage Sale for the upkeep of its Summer Day Camp, on Friday, April 27, from 10 a.m. to 4 p.m.

Large or small contributions of clothing, furniture, bric-a-brac, china, paper, etc. would be appreciated. Articles may be left at Pomroy House or arrangements can be made to have them picked

up at your home by calling BI 4-5614.

The chairman of the Rummage Sale Committee is Mrs. Philip J. Gleason. Other members include Mrs. Arthur E. Akeroyd, Mrs. Joe W. Gerrity, Mrs. Henry C. Jones Jr., Mrs. Earl C. Mitchell, Mrs. P. Edward Eden, Mrs. Joseph C. French, and Mrs. J. Herbert Young.

Pomroy House Day Camp provides swimming lessons, recreational swimming, crafts, music, stories, hikes, nature study, and fun in the outdoors for all girls from seven to thirteen, living in Newton. The camp is situated in Natick on Lake Cochituate. This year the camp period for girls

10-13 is from June 25 to July 13, and for those 7-10 from July 16 to August 10.

Transportation to Natick is provided. Campers should be at Pomroy House ready to leave at 9:15. The bus returns about 4:30 p.m. Every child must come to Pomroy House on Monday mornings. After that, campers may be picked up along Washington street and left off at the same place upon return. Camp is carried on rain or shine.

Fees are nominal. Registrations for the camp must accompany applications. Payment for the first period must be in by June 9th and for the second by July 1st.

Application blanks and further information with regard to fees, camp activities etc., may be obtained by calling Pomroy House or by contacting Miss Helen Sandstrom, its executive director.

Rebecca Pomroy House, a Red Feather agency, was founded in 1872 as the Newton Home for Orphan Girls. Its first matron was Mrs. Rebecca Pomroy. From a small household of four girls it grew until, in 1939, it had

about fifteen or twenty girls in residence. It was in that year that the social workers came to the conclusion that the needs of orphan girls would be best served if they were placed in private homes. By this time the Stearns School Center was badly in need of more suitable housing and its activities were transferred to Pomroy House.

In 1955 the official name became the Rebecca Pomroy Foundation. Today it provides teaching, recreation and fellowship for various groups from children in the Nursery School, active groups of girls who meet after school hours during the school year and at camp in the summer, busy women's groups, to the Golden Age Club, otherwise known as the Cheerful Club.

A special service offered during July and August for the younger children is the Play School for girls from ages four to seven and boys, ages four and five. This is held at Pomroy House from 9:12 a.m. and from 1:30-4:30 p.m. Monday through Friday under the competent leadership of Miss Dorothy Harvey.

SERVICE WINNER — Gene Brown of Gene Brown Motors, Newton Centre, congratulates Philip Belson of Brookline on being 2000th service department customer for 1962. Mr. Belson, who originally bought his Rambler at Gene Brown Motors, was delighted to receive \$50 free service.

Creative Arts Program Is On Summer Agenda

The Newton Creative Arts Center, a summer program involving Art, Music, Theatre, and Dance, will be in operation for five weeks this year starting July 2. Begun last year, the Newton Creative Arts Center provides what has been called a "saturation experience" in these four art forms.

Behind the program is the conviction that many youngsters who steer away from the arts during the regular school year because they are busy with their academic studies would welcome a chance to get involved in the arts during the summer.

A second idea behind the Creative Arts Center is that the different art forms have much in common, and therefore go well together. Thus, youngsters in this summer's session, as in last year's, will be spending time in several art areas, yet each one will also be concentrating on one area in particular.

The half-day program involves boys and girls from the sixth grade through the eleventh. Using the fine facilities at Newton South High School, this group will be divided according to choice among the four art areas mentioned above. Those whose main interest is in dance will make up the Dance Group, a corresponding group will be formed from those mainly interested in Theatre, and the same for groups in Art and in Music.

Besides the work done right in the school, groups will have the benefit of visiting artists and speakers, and will also take trips away from school. Among the trips last year were visits to professional dancers and actors in rehearsal, to museums, and to Tanglewood.

The program is also enriched by means of films and slides related to the program. However, for the most part it is an opportunity for each participant to become involved in some creative experiences, rather than to be an observer.

A staff of talented people has been brought together to provide the special skills required by this program. Included among them are professionals from the world of Art, Dance, Theatre, and Music. They have been selected for their recognized abilities as artists and teachers, and for their dedication to the ideas behind the Creative Arts Center.

Applications have already been filled out by interested youngsters who live in Newton, and now the invitation is being extended to those in neighboring communities as well. A total of 150 participants can be accommodated at Newton South High School, so applications will be accepted only until this number is reached. The tuition charge for the five week program is \$55.00. The daily hours are from 8:45 a.m. to 12:15 p.m., except when there are trips away from school—usually Wednesdays.

Further information is available through Mr. Stanley Russell, Administrative Assistant, Newton Public Schools, 430 Walnut Street, Newtonville 60.

MRS. R. LEONARD WHITE
Medical Society Auxiliary Elects Mrs. R. L. White

Mrs. R. Leonard White of Newton became the new president of Woman's Auxiliary to the Charles River District Medical Society at the group's annual meeting at the Wellesley Country Club last week. She succeeded Mrs. Elmer W. Heffernon of Weston.

The Auxiliary of almost 200 members has had an eventful year under Mrs. Heffernon and its program chairman, Mrs. Francis Drinan of Newton Highlands. It has sponsored a nursing scholarship, given financial aid to an Explorer Troop of Boy Scouts interested in medical careers, and promoted studies of medical legislation, civil defense, and mental health problems.

Following the annual luncheon meeting, there was a fashion show by John Douglas with Mrs. Edwin F. Lang of the auxiliary the commentator, and Mrs. Carl Bertels, Mrs. Robert Arnot, Mrs. J. Whitney Brown, Mrs. Norman S. Stearns, Mrs. E. Manning Sears and Mrs. Howard R. Crawford, auxiliary members, the models.

Tuscher Lectures At Police Public Relations Parley

Development of a concentrated, planned public relations effort was discussed by Mr. Tuscher, vice president of Newsome and Company, Inc., Boston, as he addressed chief police officers from throughout New England at the seminar.

The seminar was sponsored by Northeastern's New England Police Institute, and was the first of its kind ever conducted.

EASTER GREETINGS

Joint Clubs
Told Of Year
'Round Gardens

A co-sponsored meeting of the Newton Highlands Garden Club and the Waltham Better Gardens Club heard a discussion of year 'round satisfaction from gardening at the Waltham Field Station.

Mrs. Lucien B. Taylor, author of books on wildflowers and pit gardening, is president of the New England Wildflower Society and teaches classes in practical gardening for the Massachusetts Horticultural Society. The speaker explained how to correct some common mistakes in landscaping, and stressed naturalistic plantings, design, good proportion, climate and growing conditions necessary for success.

Colored slides of her garden in Dover showed a setting of white birches, weeping cherry, bottle brush tree and large witch hazel bush. A brook flowed into a pool bordered with pitcher plants, cardinal flowers and azaleas, providing shelter for many varieties of birds. In the greenhouse, orchids, camellias, and cyclamen made a brilliant display for winter viewing. At ten below zero, plants survived in the pit garden. Mr. Taylor was in charge of the slides.

The president of the Waltham Club, Mrs. George E. Olson, welcomed members and guests and introduced Mrs. Ross E. Langill, president of the Newton Club. The speaker was presented by Mrs. Jack Curtis, secretary, who also reported on the beautification project for landscaping Waltham schools.

Professor William Northrup Morse, conservation chairman for the Newton Club, urged members to write congressmen and senators, asking them to back the campaign to save the golden eagle which is becoming scarce in the United States. A generous display of forsythias and pussy willows brightened the stage. Refreshments were served by Mrs. Olson and Mrs. Curtis, co-chairmen. They were assisted by Miss G. Dorothy Boss, Miss Catherine O'Keefe, Mrs. Joseph T. Snow, Mrs. Ernest Garner, Mrs. Conrad Jensen, Mrs. C. W. Roelle, Mrs. Herbert A. Mosher, Mrs. Harvey Whittemore, Mrs. Malcolm W. Hampton, Miss F. Gertrude Hampton, Miss M. Ruth Spencer, Mrs. John E. Clark, Mrs. James V. Smith, Mrs. Judson J. Sartwell, Mrs. Philip M. Johnson and Miss Evelyn Dickey for the Waltham Club, and Mrs. Malcolm E. Agnew, Mrs. Howard G. Hobbs and Mrs. Albert A. Morse for the Newton Club.

Pourers were Mrs. Olson and Mrs. Hampton. Four yellow candles in silver holders and daffodils in a silver bowl were arranged by Mrs. Francis J. Fitzpatrick. Greeting guests were Miss Spencer and Miss Hampton.

Grant Permits
For Housing
For Aged

The Newton Building Department has issued permits for construction of Newton's first housing for the aged complex to be built at Green and Pearl Streets at a cost of \$707,000. Most of the buildings will be built on a proposed extension of Cook Street, which will run from Green back to Green Street.

There will be five eight-apartment houses each costing \$84,000 and two 12-apartment houses each costing \$126,000 and a community building to cost \$35,000.

Records listed the Newton Housing Authority as the owner, the Vitli Construction Co., as builder and William M. Nelson of Boston as architect.

Named Boylan to
Chemistry Tests

Paul Boylan of 142 Pine Grove Avenue, Newton, of the Chemistry Department of the State Teachers College in Boston, has been named to the 1962 Chemistry Contest Committee of the Northeastern Section of the American Chemical Society.

In this capacity he will assist in the preparation of the questions for the fourth annual \$1,500 written scholarship examination for high school students.

Some 600 top chemistry high school students in eastern Mass. and New Hampshire have participated in the contest this year.

The main purpose of the contest, according to the contest committee chairman, Dr. David M. Howell, of the Chemistry Department at Northeastern University, is to "stimulate interest in chemistry and challenge students in scientific pursuits."

Blame Small Boys For UF General Alarm Fire

Jerome Heads Big Gifts In YMCA Campaign

Franklin D. Jerome, 140 Carlton road, Waban, has been named chairman of the Big Gifts committee of the \$100,000 Camp Chickami Development Fund of the Newton YMCA, according to the announcement this week by Edward M. Peterson, president of the Newton Y. A report meeting will be held tonight at the Y.

Goal for the Big Gifts committee's work will be \$75,000 to be raised from business, industry, and larger individual gifts. Howard Whitmore, Jr., 54 Carver road, Newton Highlands, former mayor of Newton, is general chairman of the project.

Watchman Armand Query, who sounded the first alarm at 1:42 p.m., told Fire Chief Frederick A. Perkins Jr., and Lt. Jeremiah Sullivan of the State Fire Marshal's office that he spotted two boys and two dogs near the building. He said he saw the boys run away just after the fire was discovered.

The flames leveled the 400 foot, three-story wooden building which formerly housed the Pettee Machine Shop and Saco-Lowell Mills at 90 Linden street.

Flames also damaged a warehouse and main building of the Sherman Paper Products Co., a subsidiary of the St. Regis Paper Company, and hundreds of rolls of paper stored in the yard. Also damaged was the freight shed of the New York, New Haven & Hartford Railroad, and scorched a freight car loaded with tires.

A portion of the first floor housed the Overhead Door Co., which estimated its loss at \$40,000. The only other tenant, Woody Dumart, former Bruins — **BLAME BOYS** —

Parade, Double Bill, Opens Little League

A gala parade, with 450 boys taking part, and a double-header ball game will be highlights of the opening of the 1962 Newton East Little League season on Saturday, April 28th. President Dr. Burton D. Levine announced today that he has completed arrangements for the Opening Day program.

450 boys will meet at the Sacred Heart parking lot to parade to the Newton Centre playground where the Red Sox will meet Kansas City and the Senators will play the Phillies. On Sunday, at 2 p.m., the Braves and the Cubs will play their first game of the season.

Teen-Age Local Musicians Play It Cool In White House Lawn Concert

A group of Newton teen-age musicians, together with other members of the Greater Boston Youth Symphony Orchestra, 102 in all, recently enjoyed a spring vacation they'll never forget when they visited Washington, D. C., and

played in a nippy wind for appreciative listeners, President and Mrs. John F. Kennedy, on the White House lawn.

The teen-aged musicians, led by Prof. Marvin Rabin of the Boston University music faculty, gave a chilly wind-swept performance for the nation's First Family on Monday, toured the capital on Tuesday, continued their travels to New York City on Wednesday and finished with a blaze of musical glory in a Carnegie Hall concert last Thursday. A New York Times music critic wrote: "Their polish could shame many professional orchestras. Their zest could shame them all."

Newton adults in the party, together with Prof. and Mrs. Rabin, included Dr. Max Kaplan, a founder of the orchestra and professor of music at Boston University; Dr. Robert Buggert of Wellesley; Mrs. Charles Chanock, and Robert Corley, of Newton, music supervisor for the Weston schools.

Following are the local youngsters who were members of the orchestra on the Washington and New York trip.

William Gordon Allen, son of Mr. and Mrs. Justice P. Allen, 376 Newtonville Ave., Newtonville, student at Newton High, bassoon.

Lisa Benson, daughter of Mr. and Mrs. Stanley Benson, 212 Mill St., Newtonville, student at Newton High, cello.

James Belezikian, son of Mr. and Mrs. Peter Belezikian, 474 Lowell Ave., Newton, student at Newton High, violin.

Jean Chapple, daughter of Mr. and Mrs. Richard I. Chapple, 46 Columbus St., Newton Highlands, student at Newton South, violin.

Diana Currens, daughter of Dr. and Mrs. James H. Currens, 222 Prince St., West Newton, student at Warren Junior, violin.

Folks Bearing Brunt Of Toll Rd. Need Aid

Mayor Donald L. Gibbs today appealed for action by the Board of Aldermen on a \$10,000 appropriation he had requested for the employment of a relocation specialist to assist families who will be displaced by the Toll Road extension in finding new homes.

With the Turnpike Authority now sending eviction notices to the occupants of dwellings and business places which stand in the path of the Toll Road, Gibbs pointed out that the city must move swiftly if it is to give help to families asking for it.

The Mayor submitted the \$10,000 appropriation order to the Aldermanic Board on March 19, but more than five weeks later he is still awaiting action on it.

The next meeting of the Board of Aldermen is scheduled for a week from Monday, May 7. The appropriation request is pending before the Aldermanic Finance Committee which has not yet reported out the measure to the full body.

Mayor Gibbs observed that time is running out for assisting families who must bear the brunt of the Toll Road extension, leave their homes and move to new locations.

Families receiving eviction notices from the Turnpike Authority must leave their homes within four months after getting the eviction notices.

The notices actually call upon them to vacate their dwellings within 30 days, but — **WANTS ACTION** —

Political Decay In Bay State Is Speaker Subject

"The Decay of Political Morality in Massachusetts" will be the timely and provocative subject of a talk to be given by Dr. Murray Levin at the annual luncheon meeting of the Newton League of Women Voters to be held at the Chestnut Hill Country Club on May 7th.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Fight for Speaker Pledges May Prove Waste of Effort

A tinge of irony surrounds the current campaign on Beacon Hill by candidates for the Speakership to obtain pledges of support from Democratic members of the House of Representatives.

In the first place, some Democratic law-makers from whom pledges are being sought probably will be defeated next autumn and will not be in a position next January to make good on their promises.

Secondly, there is no assurance that the House will be under Democratic control in 1963. The next Speaker might be a Republican if the political tide is running as strongly in favor of the GOP as some observers believe it is.

To be sure, the House is the most powerful Democratic bastion on Beacon Hill. The Republicans would have to wrest away 35 seats now held by Democrats in order to hoist their political banner over it.

That's not likely to happen. But it's far from a political impossibility.

Even if the Democrats do maintain their grip on the lower legislative chamber, some of the Democratic legislators will not be occupying their regular seats in the high-ceilinged House chamber when the body is called to order for its opening session next January.

Daylight Saving Time Loses Hour For Us Saturday

It's Daylight Saving time once again and forward go clocks and watches on Saturday night before retiring. Whether we like it or not, we lose one hour at this time as clocks move forward, for instance from 11 o'clock to midnight. We get the hour back in the fall.

It is advisable to designate one member of the family to handle the assignment otherwise more than one hour may be lost, and some confusion may prevail.

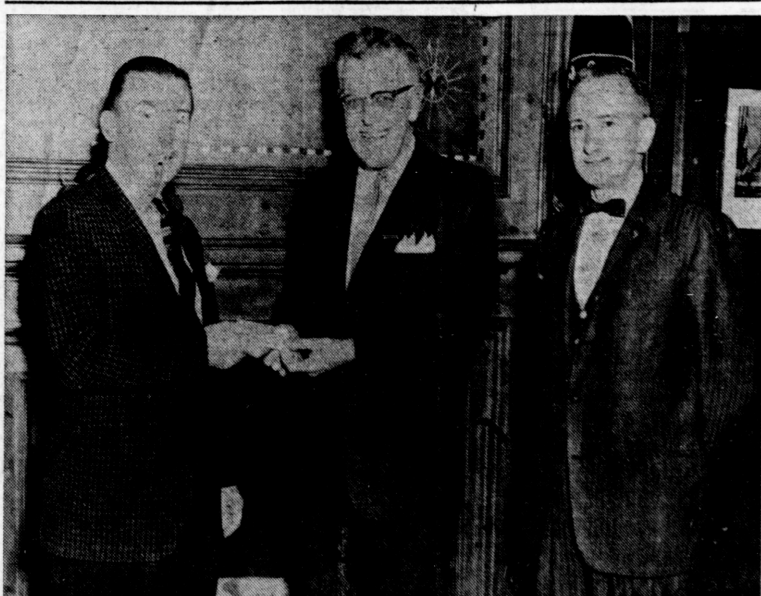

Remember, move that hour hand ahead. Ten to eleven, eleven to midnight, or whatever the time happens to be when you put on the sleeping cap.

During the conference the development fund leaders heard from President Margaret Clapp, Miss Laura Bornhold, Dean of the College, and Mrs. Lee B. - Political Highlights -

Continued from Page 1

In an ordinary year, when there are no over-riding issues and there is no pronounced change in the political trend, some legislators in each party are defeated either in the primary or the final election.

Present indications are that 1962 will not go into the record books as an ordinary political year and that the primary and election casualties next fall will be high.

Democratic politicians have given a lot of reasons why a Lowell legislative district last week elected a Republican to the House for the first time in 50 years. Their explanations are sound and valid.

The GOP candidate was extremely popular, a good campaigner, a skilled politician who was able to cross party lines and draw Democratic votes. Resentment developed against the Democratic contender because of the feeling that he was trying to perpetuate a family dynasty.

The Republicans worked harder, spent more money and did a better job of getting out the vote than did the Democrats.

All the local factors, issues, personalities and feuds militated in favor of the Republican candidate and against his Democratic adversary. Added together, they may have been enough to produce a Republican triumph without any outside influence.

But the surprising Republican victory also fits into a political pattern which reflects a GOP trend and indicates that the storm signals may be flying for many Democrats next fall.

To what degree, if any, the public reaction to the series of exploding scandals affected the Lowell election is uncertain. Maybe it wasn't even a factor. However, there is little doubt that Governor Volpe has capitalized effectively on the corruption issue. The cold fact also is that the Republicans did win a House seat which has been held by the Democrats as far back as anyone can remember.

Time, therefore, may show that the renized quest for pledges by those seeking the House Speakership is partly a wasted effort as far as an election next January is concerned. Representative Cornelius F. Kiernan of Lowell, now the Democratic floor leader in the House, has obtained more pledges than any other candidate for the Speakership. Whether he has more than his opponents combined is uncertain, however.

Speaker John F. Thompson, who apparently intends to retire from the House at the end of this year, has been the most dominant figure to preside over the lower legislative chamber in modern times.

He has run the body with an iron hand, brooking no interference with his rule.

Possessed of tremendous ability, the main criticism directed at Thompson by his foes is that he has used dictatorial tactics in ruling the House.

Thompson, incidentally, probably can gain the endorsement of the Democratic State Convention for Lieutenant Governor if he seeks it, as it is reported he may do.

Gov. Volpe Moves Against Bessette

Ordinarily, it might be argued that a public official was being placed in double-jeopardy if removal proceedings were brought against him twice within a 10-month period.

Such a claim would not stand up, however, in the case of Governor Volpe's demand that ouster charges be brought

against State Waterways Director Rodolphe G. Bessette.

A public hearing held last lodged against Bessette proved to be a "farce" and a "travesty."

An attorney who presented the charges against Bessette was given the case less than 24 hours before the hearings were to start.

As the proceedings progressed, it was evident that the lawyer had not had adequate time to prepare his case or familiarize himself with it.

Crack State police investigators, who had worked for weeks on the waterways investigation, sat in the hearing room but were not called to the witness stand.

Documents showing that two dredging companies had entered into an agreement to swap contracts were not introduced in evidence, and denials by Bessette that there had been any job-swaps went unchallenged.

A report by a leading engineering company that a channel in Popponesset Creek had not been dredged according to contract specifications, was not completed in time to be used at the ouster hearing.

At the close of the hearings Bessette was given a 30-day suspension and was allowed to resume his job last September.

Since then, he was indicted following Grand Jury proceedings initiated by Attorney General Edward J. McCormack, Jr.

Representative Francis W. Perry of Duxbury, whose charges triggered the investigation into the operations of the Waterways Division under Bessette, also disclosed that a brother-in-law and a business associate of Bessette received fees from a consulting engineering firm which did waterways work.

Bessette's brother-in-law is a florist. The business associate manages a cocktail lounge in New Bedford owned by Bessette. Also listed as getting a fee from the engineering firm was a brother of Bessette's business associate.

It is not illegal for Bessette's brother-in-law or his business associate or his business associate's brother to be paid fees by a consulting engineering firm which did work for the division headed by Bessette. But the outspoken Representative Perry considered it worthy of comment.

With Attorney James St. Clair, who handled the ouster case against former Boston Police Commissioner Leo J. Sullivan which resulted in the latter's resignation, presenting the removal charges against Bessette, the coming ouster hearings are virtually certain to have an altogether different aspect from those held last summer.

B.C. Poll Shows Gov. Volpe Strong

Governor Volpe is going to be a hard man to defeat next November if a poll of 100 Boston College students is indicative of voter sentiment across the Commonwealth.

The survey also revealed that President Kennedy is more popular today than when he was elected in 1960.

However, it showed Attorney General McCormack running slightly ahead of Edward M. (Ted) Kennedy in the race for the Democratic nomination for the U. S. Senate and pointed up crusading Representative Perry as a potentially strong candidate for Lieutenant Governor.

Here are some interesting poll figures:

For U. S. Senator: McCormack 310, Ted Kennedy 273, George C. Lodge 158, Congressman Laurence Curtis 81.

For Governor: Volpe 441, Endicott Peabody 312, Lieutenant Edward F. McLaughlin, Jr., 86; Registrar of Motor Vehicles Clement A. Riley 38.

For Attorney General: Edward W. Brooke, 386; Joseph D. Ward 170, Elliot Richardson 98, Mario Umama 55.

For Lieutenant Governor: Representative Perry 374, Pasquale Caggiano 101, Francis Bellotti 79.

For President: John F. Kennedy 734, Barry M. Goldwater 94, Richard M. Nixon 48, Nelson Rockefeller 29, George Romney 12.

Volpe, Perry and Brooke, of course, are all Republicans.

The crossing of party lines by the B. C. students polled, most of whom are Democrats, seems highly significant.

OUR READERS SAY

Thanks Fire Dept.

Newton Graphic
Dear Sirs:

We hope that you will publish this letter, as it is the only way that we can express our gratitude to the Newton Fire Department publicly, where we hope it will do the most good. (We have in mind the referendum in recent years that some of the good people in Newton turned down, because these devoted public servants requested some kind of a yearly raise somewhere in the vicinity of five hundred dollars).

We recently had a terrifying fire on what was formerly our property at Pearl Street and Jackson Road, where the tremendous barn on the place went up in flames. Only the superhuman efforts of the firemen saved our house from becoming demolished. Their prompt action and labors that went on the entire night staved off a disaster that could happen to anyone in the city, and doesn't, only because these men are so well trained, and extremely conscientious.

There are so many stories about the damage that firemen do unnecessarily. I would like people to know that this talk is all so much hogwash. These men were so careful of our furnishings and property. I am convinced that not one item was broken or watered down except what was necessary to keep the entire property from going up in flames.

We will be forever grateful to these wonderful men, and we believe the entire community owes them a debt of gratitude they can never repay — but they can give them a few more dollars in their pockets, where it will do the most good, when that referendum comes up again. If you ever need them as we did, you will be glad you did it.

Yours very truly,
Mr. & Mrs. Irving Feldman,
Mrs. Sarah Yanco.

United Church Women Here Plan May 'Fellowship Day'

REV. HARVEY G. COX, JR.

United Church Women of Newton will participate in the nation-wide observance of May Fellowship Day on May 1, with a breakfast at 9:30 a. m. at the Union Church, Waban. The Rev. Harvey G. "Everywhere churches are concerned with the effect of social change upon the family," said Mrs. John R. Swanton, Jr., Chairman of Christian Social Relations. "Everywhere, also, we are faced with the claims of people within our fifty states to be accorded the dignity and rights as well as the responsibilities of members of the family of

man, or more accurately, the family of God," stated Mrs. C. L. Southmayd, President of the Newton United Church Women.

Mrs. Warren Reed, president of the women of the Union Church, Waban, has appointed Mrs. Henry A. Plimpton as general chairman of the day. She is being ably assisted by Mrs. Ray L. Geddes. Mrs. Benjamin S. Bates is in charge of the tickets for the breakfast. Mrs.

Families Face Many Problems

Gibbs said that many of the families faced with the necessity of moving are bewildered and don't know where to turn or what to do.

He estimated that more than half the families sent questionnaires by the city requested help in finding new homes.

The Mayor pointed out that the problem is being handled for the city by the Community Council but said that a relocation specialist is needed to work with the Council.

The \$10,000, he explained,

would be used to pay the salary of the relocation specialist for six months, to employ an assistant to work with him and to cover other incidental expenses.

"This is the time when we should be working to assist these people who through force of circumstances are the principal victims of a public project which is making it necessary for them to leave their homes," Gibbs asserted.

He said the services of a relocation specialist should be of "vital help" to families confronted with the problem of finding new homes.

Meanwhile, federal officials disclosed that Newton's proposed urban renewal program, for which survey and planning

funds have been provided, may be jeopardized if the city does not have an effective relocation program.

They explained that when a city undertakes an urban renewal program, it also assumes the responsibility for giving relocation assistance to families who are being displaced to make way for any public improvement.

Unlike families who are uprooted by urban renewal projects, those whose homes will be torn down to make way for the Toll Road do not receive any moving allowances.

Mayor Gibbs expressed the hope that the \$10,000 appropriation will be approved at the next meeting of the Aldermanic Board so that the relocation effort may move into high gear.

A great number of people, through the study of this chapter, have found needed health, harmony, supply and well-being.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

hockey star, said his loss was small because most of his stock of ice skating equipment had been sold.

A spark from the general alarm blaze was blamed for a fire in a shed of the nearby Stowe-Woodward Co., at 181 Oak street, and resulted in an alarm which was answered by companies from Brookline and Wellesley.

Smoke from the general alarm blaze, the worst in Newton in five years, was seen for miles. Large crowds flocked to the scene and many spectators climbed to the tops of freight cars on a siding.

The 100 fire fighters who battled the blaze for hours came from Newton, Needham, Brookline and Boston. It was the worst blaze in Newton since the Elliot Congregational Church was destroyed five years ago at a loss of \$400,000.

**ADVANCE TAXATION
PROPOSED BY CONGRESS
ON YOUR SAVINGS
DIVIDENDS**

Your earnings from savings in a Co-operative Bank or any savings institution may be taxed 20% IN ADVANCE, whether you will owe the tax or not, unless you tell your Senator what you think about such proposed legislation.

Bills now under consideration in Congress would subject your interest or dividends to WITHHOLDING TAXES up to 20% by the Federal Government. These taxes would also apply to: U. S. Savings Bonds, Life Insurance Policies, Corporate Stocks and Bonds, Mutual Fund Shares.

Widows, pensioners, the aged and blind, children and charitable organizations would be required to file a complicated tax form to get a tax refund — after many months they would get their money back — but with no interest.

If you, too, feel that a 20% WITHHOLDING TAX on your savings dividends is unfair — NOW is the time for you to write your Senator so that he may be guided by the viewpoints of his voters.

Vacation Bible School Is Discussed at Meeting Here

A luncheon meeting of prospective teachers for the Vacation Bible School of the Second Baptist Church of Newton was held recently at the parsonage. After the luncheon a film strip, "Patriots For Christ" was shown to introduce the school theme for this year.

Those present were Mr. and Mrs. Richard Clevenger, Framingham; Mrs. Stanley MacLeod, Waltham; Mrs. William Sperr, Needham Heights; Mrs. Thomas Wildman, Wellesley Hills, and Mrs. Claude Miller, and Mrs. Michael Vassalotti, Mrs. Thomas Whalen, Rev. and Mrs. Francis Crisci, Newton Upper Falls.

This was the first of a series of meetings planned for each month until the school starts, to acquaint the teachers with this course. Several other meetings will be held by department heads and helper teachers to plan the lessons and the handcraft. Teachers and helpers are being recruited from neighboring towns and several other churches and are mothers, homemakers, school teachers, secretaries and students.

The school will be held for two weeks from July 9th to July 20th starting each morning at nine and continuing until noon. The program of the day includes song-time, Bible stories, memory work, a work book time, recess, refreshment time and handcraft. An offering is taken daily to defray the expenses and also on the evening of the closing exercises. On that night the children share with their parents the things they have

learned by giving a program and exhibiting their handwork. Children of Newton and nearby communities from ages four to 16 years are welcome.

This will be the 16th consecutive Vacation Bible School at the Second Baptist Church, beginning in 1947 when the Rev. Francis F. Crisci came to the church from Gordon Seminary. The church is centrally located for Newton, Needham and Wellesley in Newton Upper Falls at Chestnut and Ellis streets near the famous Echo Bridge.

Cancer Drive-

(Continued from Page 1)

the independent crusade is the most effective way to fight cancer; it saves lives by bringing live-saving facts of cancer direct to the public, whether or not there is financial response; it best persuades Americans of the value of the regular health checkup; it provides more funds more quickly for vital cancer research; it keeps the cancer control program in the hands of those best qualified to conduct it—the scientists, doctors and other volunteers who have had long experience in this field; and finally, it gives the American people a chance to make a specific gift to a specific program in which they have specific interest.

"The independent crusade," Chief Purcell continued, "is approved by the American Medical Association and other professional societies, and the independent crusade mobilizes millions of volunteers under a single emblem—The Sword of Hope—and provides the way for the American Cancer Society to do its job speedily and effectively, and, when cancer is defeated, to close its doors."

By the end of the year about one million Americans will be able to say they have been cured of cancer, Chief Purcell stated. "This is nearly seven times as many people as were cured of the disease in 1937."

"That's the bright side of the cancer problem," Chief Purcell continued. "On the other hand, there are many thousands who died of cancer needlessly. About 87,000 men, women and children probably will die in 1962 who might have been saved by earlier and better treatment."

"A much greater effort must be made to urge people to see their doctors in time."

To emphasize this point, Chief Purcell said, the familiar slogan of the American Cancer Society, "Fight Cancer With a Checkup and a Check" has a companion slogan in 1962—"To Cure More, Give More."

"To cure more," Co-chairman Parkhurst explained, "more funds are needed to give life-saving facts about cancer and to keep physicians informed of latest methods of diagnosing and treating cancer."

"To cure more, more funds are needed to support scientists in their search for cures, let's hope, preventatives for all types of cancer, including leukemia."

"To cure more, more money is needed for broadening the society's service program to ease the burden of cancer patients and their families."

Mr. Parkhurst pointed out that the public support of the society's attack against cancer has grown from \$800,000 in 1944 to more than \$36 million in 1961. He urged all Newton residents to give more generously to the crusade to make it the best in history. He added that in Newton in 1960 the amount raised was \$35,931; in 1961 it was \$37,258 an increase of almost \$2,000. The goal this year is \$40,000.

"The progress made in cancer control depends on the amount of money invested in the program to fight it," Mr. Parkhurst concluded. "Your contribution is one of the greatest investments in the world—to eliminate a disease which at present rates will strike 45 million Americans now living. Let us give more, to cure more."

Trial Tests Of Pumping Cause Rusty Water

Water Commissioner Mark F. Crocker said today that the rusty water from taps in some sections of Newton yesterday were due to closing of some gate valves in the distribution system to test the new underground booster pumping station under construction in Chestnut Hill since last fall.

The pumping equipment was given a short trial run prior to scheduling the official acceptance tests, Commr. Crocker said. He said the condition was only temporary.

SPACIOUS NEW LOBBY AT BANK—The main banking lobby of the Newton Savings Bank's new home office is a spacious area as shown in this photo. It is designed for greater banking ease and a pleasant, personal approach to service.

"Bank Warming" Launches Newton Savings New Home

The new home office of the Newton Savings Bank, under construction since January 1961, is now open for business at 1188 Centre street, Newton Centre, across from the original site of the home where Samuel Francis Smith wrote the patriotic hymn "America."

The new home office building, an example of original architecture that may set the trend for bank construction in the future, is the largest bank structure in Newton, according to Frederick C. Ober, president of Newton Savings Bank.

In observance of the opening of this most modern and largest bank building, a "Bank Warming" will be held starting Saturday, April 28th, at the new home office, and on Monday April 30th at all other Newton Savings offices. It will continue through May 18 at all offices, with free gifts for depositors.

Everyone opening a savings account for \$100 or more or adding this amount or more to a present account, will have their choice of sturdy, practical Stanley Garden tools, a pruner, grass clippers, or a rake. There will be souvenirs for visitors.

The new home office is outstanding not only for its size, but also for its modern architectural features, some of which have been used for the first time in a bank building.

Folded concrete plates, forty feet long, practically eliminate the need for vertical columns. The building has been designed by the architects, Bastille Halsey Associates of Boston, in such a manner that expansion to accommodate future banking needs can be accomplished with a minimum of cost and alteration. Columbia Construction Company of Malden built the office.

The office interior, planned for greater banking efficiency and customer convenience, is bright and spacious. The decor and furniture arrangement were designed by interior decorator William H. Vance. Other plans for the office are still ahead, including a community room to accommodate meetings and other local functions.

Benjamin F. Louis, vice president and treasurer of the bank, points out that hours at the new home office have been planned to serve a wide range of banking requirements. Regular lobby banking hours are 8:30 a.m. to 3 p.m.; Drive-Up Window hours are 8 a.m. to 4 p.m.; Walk-Up

Our Lady's And St. Mary's Nine Tied At 3 to 3

The Catholic Suburban League tilt between Our Lady's High and St. Mary's of Brookline developed into a pitchers' duel and wound up at Cabot Park in a 3-3 tie after two scoreless innings.

They were all square after seven innings and then went into the extras until darkness halted the no-decision contest.

Freshman southpaw Jim McLaughlin went the route for Our Lady's and allowed only five hits as he baffled the Brookline batters. Right hander Jack McIntyre worked on the mound for St. Mary's, and although touched for seven hits kept them scattered.

St. Mary's went ahead 3-2 in the fifth, but Our Lady's came from behind for the third time in the sixth when McLaughlin and Andy Nicolette walked and McLaughlin scampered home on Dan Coakley's double.
